ABOUT THE COLLEGE

Dr.Mahalingam College of Engineering and Technology (MCET) was established in the year 1998 by Dr.M.Manickam with a view to commemorate the 75th birth year of his beloved father Arutchelvar Dr.N.Mahalingam with a mission to impart high quality competency based education in Engineering & Technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. MCET is a self financing, co-educational Engineering College and it is approved by All India Council for Technical Education (AICTE), New Delhi & affiliated to Anna University. The Institute has been accredited by the National Board of Accreditation (NBA), New Delhi and ISO 9001:2000 certified by TUV. The MCET currently offers 9 UG, 6 PG and 3 doctoral programme in Engineering, Technology and Science.

ABOUT THE DEPARTMENT

The department of Information Technology was established in 1999, offers B.Tech (IT) programme, affiliated to Anna University and accredited by National Board of Accreditation (NBA) & AICTE. The faculties of the department have over 100 publications in conferences and journals like IEEE Transactions, Springer Verilog, Wiley InterScience, CSI, etc. During the last five years, the department has conducted handful of National conferences and seminars sponsored by AICTE, Infosys, TNSCST and In-ternational conference sponsored by Apple University. The department combines faculty with experience and dynamism.

The areas of expertise of the faculty members include Data Base Management, Software Engineering, Web Technologies and Networking,etc., MCET and CISCO jointly established the Center for CCNA at MCET primarily

to cater to the training needs of students apart from offering consultancy services to industries. MCET and APPLE jointly established the Apple Distinguished School (ADS) at MCET to train students. Our Department and EMC², Bangalore has signed in a MOU to provide training to the students in information storage management. Our department and SAP, Bangalore has signed in a MOU to provide training for students on SAP products and business applications.

OBJECTIVE OF PROGRAM

The purpose of this workshop is to enhance the knowledge of students and faculty in the field of Linux security and cyber utilities. We are more dependent on the internet than ever before - for banking, e-trading, e-commerce and more. All of a sudden it seems like identity theft, phishing attacks and spyware are everyone's concerns. The heightened importance of security in the real world has had an impact on safeguarding your personal Information.
