Industry Institute Partnership Conclave

An enlightening awareness programme **Industry Institute Partnership Conclave** was conducted on 11.02.2017 in New Seminar hall, MCET at 2.25 p.m. Many eminent speakers of various fields were invited. The program commenced with memento distribution to various guests followed by the introduction to the moderator.

Dr.G.Anupriya,HoD-CSE, presented memento to Mr.Srinivasan Ramasamy & Mr.Roy Antony Arnold. Dr.S.Ramakrishnan,HoD-IT, presented memento to Ms.Sumukhi Jayaram, Mr.Bharathan Prahalad & Mr.V.Sundararaman. Mr.R.Muthusami , HoDi/c-MCA, presented memento to Mr.Saravanan Velrajan & Mr.Manimozhi Gopal.

Ms.Sumukhi Jayaram, VP Talent Development, NTT Data was the moderator of the session. She addressed the gathering with opening remarks – “MCET has their bonds with NTT Data for more than ten years” .She added that Industries look for people who possess Integrity & values. She highlighted that hard work & smart work pave way to success and industry is looking for people with team work, flexibility & cultural competence. The first speaker was Mr.V.Sundararaman,Vice President ,Oracle India .He gave some ideas for the entrepreneurs to start their project using Oracle. He also said that everyone should study Cloud Computing using Oracle infrastructure. He spoke about Cloud which has brought a lot of changes in the IT environment.

Then the session sparkled with magnificent words of Mr.Bharathan Prahalad, Global Head HR,TPF Software. He insisted love is different from expectations. Everyone should have 100% commitment in their career. Students should seek the advice of the experts. He insisted on the importance of acquiring Patent rights. He was followed by Mr.Srinivasan Ramasamy, Co-founder, Clued In Technologies. He said that people should learn beyond syllabus and should not depend on their faculty blindly. He insisted the students to complete atleast two online courses per semester.

The next speaker was Mr.Saravanan Velrajan,Director,Verizon . He suggested that students should learn 3 areas- Open source , Meet-up groups, E-Lance platforms. People should update themselves with current trends only then they could sustain in their fields.

The next speaker of the session was Mr. Manimozhi Gopal, Deputy General Manager, Caresoft Global. He threw light on the importance of learning current trends & different technologies. The final speaker of the session was Mr. Roy Antony Arnold .G, Lead-Education Training & Assessment, Infosys. He said that fundamental aim of education is to make a person “think” and students should trust their potentials and talents.

Then the panel members had interaction with the students. Various queries from the students were discussed and answered in the session. At the end, Ms. Sumukhi Jayaram, VP Talent Development, NTT Data gave closing remarks and concluded the session with vote of thanks.
