

Youth Red Cross/Red Ribbon Club

Report on Disaster Management

A disaster management program was organized by our YRC and RRC club in collaboration with Indian Red Cross Society, Chengalpattu on 23.09.2022 at Mechanical seminar hall to create awareness on how do we response when disaster occurs. One hundred students are participated in this program. Professor R. Manickam, Secretary, Indian Red Cross Society, Chengalpattu demonstrates the first aid to be carried out at the time of incident.

It may help the persons those who needs service at the time of flood and any natural disaster or accident. The disaster management training program can save lives of innumerable persons and it is crucial for saving many peoples those who have met with accident and natural disaster.
