FOREWORD

I am pleased to present the AQAR of IQAC for Dr. Mahalingam College of Engineering andTechnology for the Academic Year 2017- 2018 in accordance with the National Assessment and Accreditation Council, Bangalore - An Autonomous Institution of the University Grants Commission, Guidelines 2013, for the Submissionof Annual Quality Assurance Report (AQAR) of IQAC in Accredited Institutions. The College has made significant strides in teaching, research and extension activities. The AQAR has been duly compiled and reported.

The AQAR will help in maintaining the quality consciousness which is crucial for sustaining the excellence. It is a mechanism to build and ensure quality culture at the department level. AQAR is to be used for meticulous planning, guiding and monitoring quality assurance and quality enhancement activities.

I thank all the members of the Governing Council and every individual/organisation whose contribution have made this college to achieve this stature and look forward to the continued cooperation, advice and guidance from all stakeholders.

(ii) Themes

1. Industry Conclave/Student Talent Enhancement Programme – Unleashing Potential (STEP-UP) was conducted for all Final and Pre Final Year students. Around 70 Industrial experts were participated. The programme was conducted on 01.07.2017 (Institutional level -1).
2. STEP (Student Talent Enhancement Programme) was launched, where in senior executives from leading industries were invited to interact with I &II year students and orient them to industry expectations. STEP programmes were organised from 10.02.2018 to 24.03.2018 (Institutional Level – 1).
3. Teaching Learning workshops such as OBE Refresher Session – I & II, OBE Special Coaching Session, Course on OBE, Course coordinator Training, OBE Training for faculty members, Tablet Based Teaching (Institutional Level 7).
4. International conference on RESE 2017 (Renewable Energy and Sustainable Environment 2017) was conducted on 20.07.2017 (International Level – 1).
5. Awareness programme on NAAC was conducted on 11.04.2017 (Institutional Level – 1).

(Details in Annexure – II)

2.14 Significant Activities and contributions made by IQAC

Faculty Members:

- In order to update recent industrial trends and technical skills, various Faculty Development Programmes were conducted at the department level.
- Outcome Based Education (OBE) Trainings to faculty members at various levels were imparted.

Students:

- Orienting the students towards learning state-of-the-art technologies in the concerned domain and making them understand the industry expectations.
- Student Talent Enhancement Programme (STEP) and STEP – UP (Unleashing Potential) were conducted for UG students.
- Personality Development Programme (*Kandepam Ezhuga*) was conducted by external experts.

Administrative Team:

- Internal academic Audit was conducted.
- Rigorous interaction with industries for scheduling the plan aptly to carry out the activities of Career planning, Guidance, training and placement activities.
- Collaboration with many top-notched firms/institutes for better learning and knowledge update of both the students and faculty members.
- Inviting leading companies for the campus recruitment drives and preparing students as per the requirements of the company.

Others:

- Submission of Application for extension of Anna University Affiliation 2018-19, AICTE Extension of Approval for the year 2018-2019.
- The applications were submitted to Anna University and UGC for Extension of Autonomous Status. The Expert Committee visited for inspection during December 2017 and the Autonomous Status is extended up to 2021-22.
- The details for NIRF (National Institute Ranking Framework) – 2018 were submitted and the institution was selected under the rank band of 151-200.
- The details were submitted to NAAC for Cycle 2 Accreditation Process and the peer team was visited for onsite inspection during July 2018. The institution received Cycle 2 Accreditation from NAAC for 5 years from 16.8.2018 with A++ grade (CGPA of 3.53 on 7 scale).

52.15 Plan of Action by IQAC *

S.No	Activity	Plan of Action period
1.	IQAC meetings	4 meetings (Minimum 2 meeting per semester)
2.	OBE workshops	5 training sessions/ workshops have to be conducted for faculty members by OBE division
3.	Product Based Learning extension to other departments	Initiatives to extend PBL to all UG programmes
4.	Conduct of STEP and STEP UP programmes	STEP for I and II year students during December 2017 STEP UP for pre-final year students during February 2018
5.	Academic audit	1 audit during the EVEN semester
6.	UGC – Autonomous Extension Approval process	November 2017
7.	NAAC – reaccreditation process	October 2017
8.	NIRF 2018 – details submission	October 2017
9.	NBA extension process for 5 departments (Application submission)	November 2017
10.	ECE Research centre Renewal process	December 2017
11.	AICTE approval	December 2017
12.	Formation of E-governance cell	December 2017
13.	MHRD – AISHE 2018 data submission	January 2018
14.	Governing Council Meeting	February 2018
15.	Anna university affiliation	March 2018

*__**(Academic Calendar for the year 2017-18 is enclosed in as Annexure III)**__

2.15 Whether the AQAR was placed in statutory body Yes ✓ No ☐

Management ✓ Syndicate ☐ Any other body ☐

Provide the details of the action taken

- This AQAR was placed for perusal by the college administration team before submission.
- The report was checked by the members of the administration team.
- Suggestions and comments for improvement were incorporated through minor corrections.

1.3 Feedback from stakeholders* Alumni ✓ Parents ✓ Employers ✓ Students ✓

(On all aspects)

Mode of feedback : Online ✓ Manual ✓ Co-operating schools (for PEI) X

Please provide an analysis of the feedback in the Annexure

(Details Enclosed in Annexure – IV)

The college follows a systematic approach in collecting (surveys, committee reports, and statutory meetings) and analyzing feedback on various aspects of education from all key stakeholders. Based on the analysis suitable actions are carried out periodically. The scope and methodology of feedback collection process is shown below.

Feedback methods	Scope	Collection Methodology
Stakeholder: Students		
Faculty feedback	Faculty teaching performance	MCET-Edu APP
Course exit survey	Indirect attainment of COs	INPODS and Google forms
Programme exit survey	Indirect attainment of POs	Hard copy, INPODS and Google forms

	Career prospects	
	Impression about facilities	
	Indirect Attainment of PEO's	
Stakeholder: Parents		
Survey questionnaire	General Impression	Hard copy and MCET-Edu APP

Total number of feedback responses received and analysed during this academic year is **5725**. The analysis is used in future development of infrastructure/curriculum/ courses by the concerned departments. The following table provides the distribution of number of feedback responses received from various stakeholders.

Number of feedback responses received from various stakeholders during the academic year 2017-18.

S.No.	Department	Alumni	Parents	Industry	Students-Program Exit survey	Students feedback for Teaching & Learning	Faculty

Analysis of the feedback from two key stakeholders (Alumni & Parents) is given in the **Annexure IV**. The analysis indicates that more than 70% of the respondents rate all the parameters in highest level. i.e., either level 4 or level 3 out of the four levels, where level 1 is the lowest level. A few samples from students and employers are also included.

1.4. Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

Yes, the curriculum and syllabi of the programmes of our institution are updated periodically and their salient aspects are mentioned below.

i) Amendments incorporated in the regulations:

Currently there are two regulations in practice for all UG programmes (2014 and CBCS 2016) and one regulation for all PG programmes (2014).

Amendments are incorporated in the regulations based on need and the same was communicated through the institute's website to all the stakeholders. The amendments incorporated during the period of the report are indicated below;

- UG Regulations 2014 – Amendments incorporated on 5th May 2017
- PG Regulations 2014 – Amendments incorporated on 22nd September 2017
- UG Regulations 2016 (CBCS) – Amendments incorporated on 22nd September 2017

ii) Revision in curriculum and syllabi:

Based on the stakeholder survey and the requirements of the statutory bodies, the curriculum and syllabi were revised during the period and duly recorded in the proceedings of the respective board of studies of different programmes. New courses were introduced apart from the modifications done in the existing courses.

The following are some of the new courses introduced during the period of the report:

1. Automotive Engine and its Systems
2. Vehicle Design Engineering
3. Product Innovation through TRIZ
4. Modeling and Analysis of Automotive Subsystems Laboratory
5. Optimization Techniques
6. Python Programming
7. Big Data Laboratory
8. Internet of Things(IoT)
9. Cloud Computing Laboratory
10. Mobile Application Development Laboratory
11. Manufacturing of Automotive Electrical and Electronics Parts
12. Automation Systems

1.5 Any new Department/Centre introduced during the year. If yes, give details.

- SWELECT-MCET Center for Solar PV Training and Research centre has been established during July 2017 with college contribution Rs. 28.89 lakhs and 3.74 lakhs as partner Grant.
- "MCET JANATICS – Centre of Excellence for Mechatronics and Automation" is established in collaboration with Janatics India Private Ltd on 05.01.2018.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

Teaching:

- Organize training sessions for teaching learning process through OBE.
- Review CO attainment through OBE division periodically.
- Conduct OBE audit periodically.

Learning:

- Bridge courses for I year and Lateral entry students of UG programmes.
- Orientation programme for I year students.
- Tablet based teaching methodology.
- Student's feedbacks for teaching learning process were received from students through MCET Edu app and suitable corrective actions were taken by the respective HoDs.

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

- "Naval Research Board" has sanctioned a minor research project of Rs. 5,87,000/- entitled "Feasibility study on natural /glass fibre reinforced nano composites materials for naval applications during the year 2017-2018" to Dr. D.Shanmugam, Associate Professor, Department of Automobile Engineering.

- AICTE has sanctioned the following grants.
  - A grant of Rs 1,00,000/- for conducting Seminar on "Two Days National Seminar on Vibration & Noise Engineering"
  - A grant of Rs. 5,62,000/- for conducting "Faculty development programme on Behavioral skills for Holistic Development"

- Encouraging the staff members to undertake major and minor research projects from external agencies and in-house R&D and also organizing seminars, workshops and conferences.

- Motivating faculty members to publish research papers in journals.

- Educating students about various fellowships available and encouraging them to apply for the same.

6.1 State the Vision and Mission of the institution

VISION

We develop a globally competitive workforce and entrepreneurs.

MISSION

Dr. Mahalingam College of Engineering and Technology, Pollachi endeavors to impart high quality, competency based technical education in Engineering and Technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. This institution is also striving hard to attain a unique status in the international level by means of infrastructure, state-of-the-art computer facilities and techniques.

6.2 Does the Institution has a Management Information System

- Yes, we have a robust Management Information System covering major process areas.
- MCET Edu, the in-house developed APP having the details of students and staff. It maintains the entire academic processes, students' attendance, examination system, stakeholders' feedback and faculty profile management.
- FTP and individual mail facilities for every staff for effective communication.
- Department wise monthly progress report was collected.
- Online mark and attendance entry for every phase of continuous evaluation, consolidation, analysis and automatic calculation of internal assessment marks.
- Performance appraisal of Teaching and non teaching staff members through self-evaluation and evaluation by the respective HoDs, Principal and the Administrative team.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The following quality improvement strategies were adopted by the institution during the period of the report for curriculum development.

1. Introduction of Product Based Learning approach in B.E. Mechanical Engineering.
2. Design of courses with the increased participation of subject matter experts from the industries for technical courses and domain experts for professional skills courses.
3. Design and delivery of few courses in niche areas by adjunct faculty members.

Apart from the above, the following strategies are continued and they contribute to quality improvement in curriculum development.

1. Periodic surveys from key stakeholders on various aspects of the curriculum.
2. Courses for professional skills to enable students acquire behavioural skills.
3. Courses on niche technical areas offered as one credit courses and electives.
4. Value addition to skill sets of students through courses offered in the centres of excellence.
5. Conduct of statutory meetings to gather inputs on the curriculum and syllabi.
6. Attainment calculations based on direct and indirect methods for various courses.

10. Professional society and other forum/club/association activities complementing holistic development along with academics.
11. Participation in international and national level competitions (Hackathons, Racing, Solar Challenge, Robotics, etc.) to benchmark the technical skills.

6.3.3 Examination and Evaluation

The regulations are framed as per the guidelines from AICTE, UGC and in alignment with the affiliated university (Anna University, Chennai).

The examination and evaluation process is framed in the regulation and carried out as per the norms. In our institution regulations 2011, 2014 and 2016 are existing. In regulations 2016, the **Choice Based Credit System (CBCS)** was implemented from the academic year 2016-17.

SYSTEM OF EVALUATION

Continuous Comprehensive Evaluation (CCE) shall assess the performance of students in each course and other components. Performance in each course of study shall be evaluated based on (i) continuous Internal Assessment (IA) throughout the semester and (ii) End Semester Examination (ESE). Each course, both theory and practical (other than project work) shall be evaluated for a maximum of 100 marks. The project work shall be evaluated for a maximum of 300 marks. Interim project will be evaluated for 100 marks at the end of the seventh semester and the final project will be evaluated for 200 marks at the end of the eighth semester. Project work may be allotted to a single student or to a group of students not exceeding 4 per group. The total 300 marks will be reduced to 100 marks. For all theory courses, the continuous internal assessment will carry 40 marks while the end semester examination will carry 60 marks. For the practicals, continuous internal assessment will carry 75 marks while the end semester examination will carry 25 marks.

For all theory and practical courses & project work, the continuous assessment shall be awarded as per the pattern given below:

For 2014 and 2016 regulations

(a) THEORY

End Semester Examination : 60 Marks

Internal Assessment : 40 Marks

(b) PRACTICAL

End Semester Examination : 25 Marks

Internal Assessment : 75 Marks

(c) PROJECT WORK

i) PHASE I

End Semester Examination : 25 Marks

Internal Assessment : 75 Marks

FINAL

End Semester Examination : 50 Marks

Internal Assessment : 150 Marks

PASSING REQUIREMENTS

A candidate who secures 50% or more of total marks (IA + End Semester Examination) prescribed for the courses (including Practical and Project work), and 50% or more marks in the end semester examination shall be declared to have passed the examination. If a candidate fails to secure pass mark in a particular course, it is mandatory that he/she shall register and reappear for the examination in that course during the next semester when examination is conducted in that course; he/she should continue to register and reappear for the examination till he / she secures pass mark. The internal assessment (IA) marks obtained by the candidate in the first appearance shall be retained and considered valid for THREE attempts. However, from the FOURTH attempt onwards if a candidate fails to obtain pass marks (IA + End Semester Examination) as per norms then the passing requirement shall be as follows: The candidate should secure 50% or more, of marks assigned for end semester Examinations irrespective of the marks obtained in the Internal Assessment.

AWARD OF GRADES

All assessments of a course will be done on absolute mark basis. However, for the purpose of reporting the performance of a candidate, letter grades, each carrying certain number of points, will be awarded as per the range of total marks (out of 100) obtained by the candidate in each course as detailed below:

For 2016 regulations letter grades as follows,

Letter Grade	Grade Points	Range of Marks
O	10	90-100
A +	9	80-89
A	8	70-79
B +	7	60-69
B	6	50-59
RA	0	<50
WD	0	-
WH	0	-

Grade Point Average (GPA) is the ratio of the sum of the product of the number of credits of courses enrolled and the points corresponding to the grades scored in those courses, taken for all courses, to the sum of the number of all the courses in the semester

GPA = Sum of (C*GP) / Sum of C

Cumulative Grade Point Average (CGPA) will be calculated in a similar manner, considering all the courses enrolled from first semester. “RA”, “WH” and “WD” grades will be excluded for calculating GPA and CGPA.

FORMULAE FOR GPA & CGPA

$$CGPA = \frac{\sum_{i=1}^{n} C_i GP_i}{\sum_{i=1}^{n} C_i}$$

Where,

C_i -is the Credit assigned to the Course

GP_i -is the point for each course corresponding to the grade obtained

Σ_I -is the sum for all courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.

n-Total number of courses for the entire programme

CLASSIFICATION OF THE DEGREE AWARDED

For 2016 and 2014 regulations letter grades are as follows:

A candidate, who qualifies for the award of the Degree, having passed the examination in all the courses in his/her first appearance within the specified minimum number of semesters securing a CGPA of not less than 8.50 shall be declared to have passed the examination in First Class with Distinction. A candidate who qualifies for the award of the Degree having passed the examination in all the courses within the specified minimum number of semesters plus one year (two semesters), securing a **CGPA of not less than 7.00** shall be declared to have passed the examination in **First Class**. For this purpose the withdrawal from examination will not be construed as an appearance. Further, the authorized break of study will not be counted for the purpose of classification. All other candidates who qualify for the award of the degree shall be declared to have passed the examination in **Second Class**.

The College may time to time revise, amend or change the Regulations, scheme of examinations and syllabi if found necessary.

6.3.4 Research and Development

- Five Departments (Mechanical, electrical, Electronics, Computer Science and Civil engineering) of our College have been recognized and declared as Ph.D research centres by Anna University.
- The college has a research committee to facilitate, monitor and encourage the research activities. It meets regularly to discuss various plans to promote research and motivate the faculty for academic advancement.
- The committee keeps track of the schemes of the UGC and other agencies like CSIR, DST, MNRE, AICTE, DRDO, ICSSR, ICMR etc.
- The teaching faculty members are informed about the various fellowships available and they are encouraged to apply for the same.
- Institution has received grants from various external funding agencies.
- To motivate staff and students to take-up research internal funding provisions is made available.
- Sponsoring staff and students for presentation/participation in national and international conferences, seminars, workshops, paper presentations and faculty exchange programmes.

6.3.5 Library, ICT and physical infrastructure / instrumentation

To improve the quality, library has separate E-Resource section and membership with **Elsevier-(Science direct)** and **DELNET, NDL** (National Digital Library), **NLIST –INFLIBNET, SWAYAM PRABHA, NKN** (National Knowledge Network) **e-PG Pathshala,** membership for resource sharing across the country.

It has well equipped air conditioned facility ever increasing collection and wide range of books on various topics. MCET library has six sections namely, Lending section, Reference section, Gratis section, Journal section, Reading Room and Mahatma Gandhi Swami Vivekanandar study centre. The Central Library has Readerspark club which is designed to encourage the students to read for pleasure, develop attitude and to promote library usage and ultimately help self-development. The Central library is conducting various programmes the Reading Carnival and Events related to reading and writing.

6.3.6 Human Resource Management

- To recruit the staff with the necessary skills and attributes to enable the institution to fulfil its aims and objectives.
- Providing employees with individual and family welfare schemes.
- Thrift Society, a cooperative society to help the staff members with financial aid such as loans, fixed deposits etc.
- Assessing performance through annual self-appraisal for promotion and incentives
- Organising Faculty development programmes, pedagogical trainings and orientation activities for update of the faculty competence.
- Encouraging faculty members to undergo training for enhancing the quality of teaching.
- Creating infrastructural and monetary ambience for motivating research among faculty and students.
- Managing student affairs, student grievances and requirements through student guild of services.
- Counselling and mentoring students by a qualified counsellor and faculty respectively.

6.3.7 Faculty and Staff recruitment

- Faculty and staff recruitment is done immediately when need arises in order to maintain the faculty-student ratio as per norms.
- Advertisements are posted in the leading newspapers and magazines informing the status of vacancy areas and prescribed norms for selection.
- Applications are screened and shortlisted candidates are called for interview with proper intimation.
- A constituted panel of interviewers comprising the administration team, respective HoDs, senior faculty members of the college and external subject matter experts conduct the interview.
- Applicants selected are appointed on probation and a permanent position is offered by the Management after assessing their performance during their probationary period.
- Promotions are awarded to internal faculty and staff members by appearing the performance appraisal interview individually. Self-appraisal is submitted by all faculty and staff six months once for continuous evaluation.

6.3.8 Industry Interaction / Collaboration

- Fostering collaborations and signing MoUs with industries and universities to work together across departments for sharing of knowledge, facilities and facilitate productive interactions.
- Hosting mutually beneficial interactions with industry experts from reputed firms as part of orientation to students to make them industry role-ready.
- Facilitating the students for industry visits, in-plant training, and internship in industries.
- Centres of Excellence for hands on learning and one credit courses handled partly by industry experts and partly by the internal faculty.
- Periodical visits to the industry for update of technology and its adaptation and implementation to ensure the sheer development.
- Expert suggestions by industry personnel as BoS members in formulating curriculum and syllabus.
- Interaction with companies as part of consultancy through C-DAT, Siemens centre of excellence and training to industry personnel through centres of excellence.
- Adopted Industry Attachment Program (IAP) for students of II year. The IAP comprises of training in selected industry for 2 weeks (II year), 4 weeks (III year) and 12 weeks (Final year) in a graded manner.
- Industrial visits, In-plant training, Placements arranged for the Students.
- Power Quality Audits conducted by faculty members for different industries.
- Project Proposals submitted to various funding agencies in collaboration with industries.
- Promote R & D activities for live industrial problems.
- Offer value added courses in association with industry to students.
- Designing industry driven curriculum with the guidance of Industry.

6.3.9 Admission of Students

- Admission of students as per the norms of University, UGC and state government.

Intake and Admitted Student count for the year 2017-18 (First Year)

	Intake	Admitted		Intake	Admitted
UG	960	816	PG	150	39

6.4 Welfare schemes for

Teaching / Non-teaching	Superannuation benefits of EPF, Family Pension Scheme
	Medi Guard Policy
	Employees Group Insurance
	Staff Family Benefit Fund
	Blazer – 50% of cost will borne by the institution
	Providing overcoat to all female staff, 50% of cost will borne by the institution
	Providing shoes once in 2 years, 50% cost of shoe or maximum Rs.500/- whichever is less.
	50% Tuition fees shall be reimbursed in respect of those who have been permitted to undergo Regular Higher studies
	Bus Facilities to our Staff and student who are coming from various places to our institution
	Hygienic canteens are available for Staff and Students
	Medical facilities to our Staff and Students and doctor is available in our institution
	Faculty Deputation – Training provided within and outside the country at Industries.
	FDP Program sponsorship provided to Teaching / Non-Teaching staff
	Leave: CL, EL, Medical Leave & maternity Leave
	Vacation Leave (Summer, Winter)
	EL Encashment 9 days per year
	On Duty 21 days per Year for teaching staff
	Ph.D OD 14 days per year
	Bank Loan facilities
	Travel Desk – Ticket arrangements
	Internet Browsing
	Gratuity Scheme

Students	• Arutchelvar VidyaSakthi Scholarship worth Rs.70 Lakhs will be awarded to 400 deserving students every year. 100 Meritorious students are selected every year from the first year engineering programmes and they will be receiving the scholarship as follows: I year Rs. 10,000 each, II year Rs.15,000 each, III year Rs.20,000 each and IV year Rs.25,000 each. • Tamil Nadu State Government Scholarship for BC / MBC Welfare • Tamil Nadu State Government Scholarship for SC / ST Welfare • Minority Scholarship (Merit Cum Means Based Scholarship) for Minority welfare • Students Safety Insurance Scheme (Group Insurance in Star Health Allied Insurance Company) • Travel Desk – Train, flight and bus ticket can be booked • Book Depot – Stationery and general commodities are sold at cheaper rate • Medical facilities provided to the students.

6.5 Total corpus fund generated 282.92 Lakhs

6.6 Whether annual financial audit has been done Yes √ No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	--	--	yes	Principal
Administrative	--	--	yes	Principal

6.8 Does the University/ Autonomous College declare results within 30 days?

For UG Programmes Yes √ No

For PG Programmes Yes √ No

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

- Online courses registration process for examinations.
- Online Examination fee payment.
- Online registration for photo copy and revaluation of End semester examinations.
- Seating arrangement for Internal assessment and End semester Examinations through Mobile Application.
- Publishing the Results through Mobile Application in addition with Web based.
- IP based Cameras were installed in the Examination halls for monitoring purpose.
- System based Random Dummy no. generation for End semester answer scripts.
- Evaluation pattern for practical courses were modified and implemented.
- Evaluation pattern for Professional skill courses and One Credit Courses were modified.
- Industrial Experts are involved in One Credit Course Evaluation system.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

NIL

6.11 Activities and support from the Alumni Association

Details Enclosed in Annexure XXXI

6.12 Activities and support from the Parent – Teacher Association

- Constructive suggestions from parents during the parents meeting have enabled the administration to understand their aspirations and implement their suggestions for the better functioning of the college.

6.13 Development programmes for support staff

- Refresher sessions on Outcome Based Education were conducted for support staff on 26th and 28th April 2018.
- Mr.C.Settu successfully completed Lean Six Sigma green belt qualifying course conducted by Department of Mechanical Engineering in association with Western Thomson (India) Limited during Feb 2018.
- Institution encourages the supporting staff members to undergo training programme on operation and maintenance of lab equipments. The staff members were given internal training for computer software installation and servicing. The supporting staff members were also provided with outcome based education training for laboratory courses.
- Supporting staff have attended Workshops on Cloud, Open Source Software etc.,
- Online certification courses in Programming Languages were completed by supporting staff.
- Session on "Lab and system maintenance" was conducted by ITeS to supporting staff.
- supporting staff members from the department of CSE attended workshop on "Setting up a Private Cloud in Colleges using OpenNebula Cloud Computing Software" at MCET.
- FDP Programme sponsorship provided to Non-Teaching staff.
- Non-Teaching Staff are permitted to undergo Higher studies (i.e Part Time B.E).

6.14 Initiatives taken by the institution to make the campus eco-friendly

- India Canada Summit on Energy and Environment was conducted from 24th to 26th April 2018 to promote Sustainable Environment and Renewable Energy.
- Plastic water bottles are banned in the campus as an outcome of the RESE' 17 International conference.
- 4KW solar power plant has been installed in the campus.
- Steps to reduce the usage of paper – Feedback and Survey collection through online forms.
- Motivated students to attend the workshops and training related to environment sustainability.
- Encourage students to contribute on green living or practices that help conserve resources like water and energy.
- Faculty members and students are attending training in yoga center at MCET for good living practices.

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the Functioning of the institution. Give details.

Tablet based teaching was introduced for the FIRST and SECOND year students of all B.E./B.Tech. programmes. It showed that there is an improvement in ICT enabled teaching learning process, which is followed at the institute. The tablets enabled various formative assessments which resulted in improved student outcomes.

MCET Edu, the in-house developed APP was used for collecting feedback from key stakeholders. This resulted in easy collection, reporting and analysis of feedback from key stakeholders.

Considering incentives for faculty members enrolling for teaching learning related NPTEL courses resulted in many faculty members taking up the certification examination of these courses.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

S.No	Activity	Plan of Action at the beginning of the year	Action Taken Report
1.	IQAC meetings	2 meetings (Minimum 1 meeting per semester)	4 Meetings (2 in Odd semester and 2 in Even semester) were conducted.
2.	OBE workshops	5 training sessions/ workshops have to be conducted for faculty members by OBE division	7 workshops were organized for faculty members by OBE division
3.	Product Based Learning extension to other departments	Initiatives to extend PBL to all UG programmes	Product Based Learning method extended to the department of EEE
4.	Conduct of STEP and STEP UP programmes	STEP for I and II year students during December 2017 STEP UP for pre-final year students during February 2018	STEP programmes were conducted during December 2017 for I and II year students STEP UP programmes were conducted during February 2018 for III year students
5.	Academic audit	1 audit during the EVEN semester	The process audit was conducted during February 2018
6.	UGC – Autonomous Extension Approval process	November 2017	Autonomous Extension approval was granted by UGC during March 2018
7.	NAAC – reaccreditation process	October 2017	NAAC reaccreditation process has been initiated during November 2017
8.	NIRF 2018 – details submission	October 2017	MCET adjudged 151-200 band in engineering category in NIRF 2018
9.	NBA extension process for 5 departments (Application submission)	November 2017	PVQs of 5 departments were submitted during December 2017
10	ECE Research centre Renewal process	December 2017	ECE – research center renewal order was received during January 2018
11	AICTE approval	December 2017	AICTE – Extension of Approval was received during April 2018
12	Formation of E-governance cell	December 2017	E-governance cell established during April 2018
13	MHRD – AISHE 2018 data submission	January 2018	MHRD – AISHE 2018 details were submitted during February 2018
14	Governing Council Meeting	February 2018	Governing council meeting was conducted on 17.3.2018
15	Anna university affiliation	March 2018	Anna University affiliation was granted during May 2018

7.3 Give two Best Practices of the institution *(please see the format in the NAAC Self-study Manuals)*

The following are TWO of the best practices:

1. Peer Review of Teaching
2. Industry Exposure to Students

1. **Peer Review of Teaching**

Objective:

To improve the teaching performance of faculty members by gathering evidence about one's teaching as part of the on-going evaluation and enhancement of teaching and learning.

The Context:

The context under which "Peer Review of Teaching" is significant pertains to improvement in the quality of teaching –learning processes. This in turn improves attainment of student outcomes in Outcome Based Eeducation framework.

The Practice:

Peers (faculty members in the department preferably in the same domain) familiar with the processes of peer review act as reviewers. The reviewers use a checklist to observe and provide review comments on the following criteria during the session.

- Domain of the course and its context
- Preparation for class & Planned activities in class
- Descriptions and analysis of student understanding
- Lessons learned from the current iteration
- Connections with related points in curriculum
- Overall reflection by instructor

Peer reviewers provide summary reports that clearly and thoroughly represent all phases of the process, and that make recommendations that are specific and practical.

Evidence of success:

The following are the evidences of success of the practice at present:

1. Willingness of faculty members to be peer reviewed.
2. Number of faculty members/courses that have been reviewed.
3. Faculty members trying to work on recommendations provided by peers
4. Improvement in faculty feedback scores.

Problems Encountered and Resources Required:

The following are the problems encountered:

1. Biased review comments because of personal relationships
2. Relationship issues amongst faculty members because of review comments

The resources required for the practice includes the following:

1. Checklist to observe and document the peer review
2. Schedules based on time table to conduct the reviews
3. Sessions to discuss on the review comments between the reviewers and faculty members being reviewed

2. Industry Exposure to Students:

Objective:

Enable students to understand the dynamics and requirements of real world and to apply the acquired knowledge in solving engineering problems contextually.

The Context:

The context under which "Industry Exposure to Students" is significant pertains to bridging the widening gap between industry and academia. These exposures to the students enabled by the academic institution bring greater focus towards the attainment of program outcomes.

The Practice:

The following are the current activities as part of "Industry Exposure to Students";

1. Kandeepam Ezhuga Program is offered to all first year B.E./B.Tech. This helps realise one's own hidden skills and abilities.
2. To gain exposure and hands-on training, Industrial Visit (IV) is periodically conducted between the Second and Eighth semester for all B.E./B.Tech. Programme.
3. Student Talent Enhancement programme (STEP) and STEP-UP (Unleashing potential) offered to all B.E./B.Tech students periodically, thus students enable them interact with industry expert and alumni.
4. Industry Attachment Programme (IAP) offered to Pre-final and Final year of B.E/B.Tech students enables them to brainstorm and arrive at viable solutions to the industrial problems.
5. Industry Projects are carried out by the final year B.E./B.Tech students generates opportunities to work on real time problems.

MoUs are signed and implemented with several industries with the prime objective of providing industry exposure opportunities for students.

Evidence of success

The following are the evidences of success of the practice at present:

1. Increase in the number and quality of engagement activities with industries.
2. Number of students undergoing internship or taking part in IAP.
3. Number of student projects addressing industry problems.
4. Number of students being placed in the company where they interned.

Problems Encountered and Resources Required

The following are the problems encountered:

1. Hesitation from companies before the establishment of relationships.
2. Resource requirements to sustain relationships with companies.

The resources required for the practice includes the following:

1. Exclusive manpower to handle various demands of the relationship with industries.
2. Systems, procedures and plans for the conduct of various activities.
3. Financial resources to operate the programmes and conduct activities.

7.4 Contribution to environmental awareness / protection

A competition "Squeeze your mind" was organised on 25th October 2017 for the students of MCET to prepare useful materials from the waste given to them.

Envirotalk on "Organic Terrace Gardening" by Ms. Jeevna Muralidharan, Jeeva's Urban Garden, Tiruppur was organised on 10 March 2018.

7.5 Whether environmental audit was conducted? Yes [ ] No [✓]

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Institutional Strength

1. Implementation of Outcome Based Education (OBE) and Choice Based Credit System (CBCS)
2. Stakeholder input driven curriculum
3. Professional Skills (PS) courses to address behavioural competencies
4. One credit courses in emerging areas
5. Industry Attachment Programme, Internship, Industrial visit, Student Talent Enhancement Programme to provide industry inputs
6. Elective courses on specific domains relevant to industry
7. Use of ICT for teaching and student data management
8. Teaching supplemented by NPTEL, SWAYAM and MOOC
9. Faculty teaching and technical competency development programmes
10. Induction of adjunct faculty
11. Promoting research and consultancy through incentives
12. Research centers recognized by Anna University
13. Centers/Centers of Excellence in emerging areas
14. Classrooms with LCD projectors, internet facility and support for tablet based teaching/assessment
15. Collaboration with industry to facilitate research, consultancy and learning on diversified domains
16. Well stacked and spacious library stimulating self-learning
17. Student-computer ratio of 2:1
18. Government/management scholarships

Institutional Strength

19. Professional, soft-skills training and career guidance to students
20. Consistent placement record
21. Active participation of students in co-curricular & extra-curricular activities
22. Alumni as facilitators for technical lectures
23. Support and guidance of management leveraging its strong industrial background
24. Comprehensive strategic plan and well defined organizational structure
25. Support for staff development
26. Well-designed learning spaces
27. Clean and green campus
28. Collaborative efforts to protect environment and conserve energy
29. Student forums to stimulate societal consciousness
30. Societal projects for technology transfer, product development, awareness and skill based training

Institutional Weakness

1. Designing multi-disciplinary professional curriculum (biology, psychology, sociology, commerce, accountancy, finance) to enable students pursue higher studies abroad
2. Offering special courses for differently-abled students
3. Increasing number of recognitions (awards) from international agencies for both faculty and students
4. Sustaining measures to motivate faculty for filing patents
5. Recruiting faculty with teaching and research experience from institutions abroad
6. Enhancing the smart class room facility
7. Improving number of placements in core engineering companies
8. Obtaining external funding for research and development activities
9. Creating awareness on environment and societal issues to local community

Institutional Opportunity

1. Acceptance of re-designing of curriculum to prepare engineers fit for industry
2. Availability of industry relevant projects and training to students through Centres of Excellence.
3. Measures of statutory bodies promoting outcome based education
4. Benchmarking of certifications and accreditations internationally
5. Willingness of industry to interact and collaborate with institution for preparing role-ready engineers
6. Scope for multi-disciplinary research by forming inter-institute research group among sister institutions.
7. Emergence of continuing research in the domains of teaching-learning and behavioral skills development
8. Growth of start-ups and the support mechanisms available
9. Availability of communication, information and E-Governance technology to build smart campus
10. Support for upgrading of infrastructure to keep pace with technological advancements

Institutional Opportunity

11. Availability of core engineering internships with stipends leading to placements
12. Availability of alumni support for institutional development such as industry connect, campus placement, internship etc.
13. Willingness of industry to train faculty and support curriculum development
14. Availability of external funding from government and non-government bodies
15. Conducive atmosphere for networking with institutions and industries to work in the area of energy and environment

Institutional Challenge

1. Facilitating student learning through English, owing to their migration from learning through mother tongue in schools
2. Implementing mandatory internship
3. Addressing gender equity & sensitivity and their auditing in syllabus
4. Attracting students and faculty from other states and nations
5. Meeting the learning demands of the heterogeneous group of students in the class
6. Equipping the faculty with newer methods of teaching learning
7. Providing financial support for programmes and projects requiring huge grant
8. Increasing the utilization of hard copy resources in the library by students
9. Motivating the students to use the available sports and yoga facilities
10. Helping students to choose the career path through guidance and counseling
11. Aligning the lateral entry students into the main stream
12. Up-gradating skill of non-teaching staff
13. Aligning institution strategy to the highly volatile market situation
14. Allotting time for various student activities addressing environmental & social cause
15. Developing behavioral changes among students

8. Plans of institution for next year

EMPLOYER FEEDBACK FORM

Dear M. Vasantha Kumar

Warm Greetings,

We understand that a substantial number of alumni of our institution are working in your company/organization. We sincerely register our thanks for recruiting them and making them a part of your dynamic organization. We are interested in understanding the performance of our alumni as employees of your organization.

As part of our dedicated process to the continuous improvement of the program that we offer, information that you provide through this questionnaire will be a significant contributor. We request you to kindly provide your feedback based on a collective observation about our alumni. We strongly believe that your feedback will help us to serve the students better. The questionnaire may take about 20-25mins to complete.

If you have any concerns or need further clarificationsplease contact hod ece@drmcet.ac.in

Thanks and Regards

Assessment for the Department of Electronics and Communication Engineering

We are specifying the Programme Educational Objectives (PEOs) and Programme Outcomes (POs) of our department for your evaluation. Please rate the performance of our students in your company/organization based on a 4-point rating scale as given below:

A. Achievement of Programme Educational Objectives (PEOs)

SNo	Programme Educational Objective	Can't evaluate	Very well accomplished	Well accomplished	Moderately accomplished	Poorly accomplished
1	Actively apply technical and professional skills in engineering practices towards the progress of the organization in competitive and dynamic environment				*	
2	Own their professional and personal development by continuous learning and apply the learning at work to create new knowledge.			*		
3	Conduct themselves in a responsible, professional and ethical manner supporting sustainable economic development which enhances the quality			*		

	of life.					

8. Assessment of Programme Outcomes

SNo	Criteria	Can't evaluate	Very well accomplished	Well accomplished	Moderately accomplished	Poorly accomplished
1	Apply the knowledge of Mathematics, Science and engineering to solve problems in the field of Electronics& Communication Engineering.		*			
2	Identify, formulate/model, analyse and solve complex problems in the field of Electronics & Communication Engineering		*			
3	Design an electronic system/component, or process to meet specific purposewith due consideration for economic, environmental, social, political, ethical, health and safety issues.			*		
4	Design and conduct experiment, analyse and interpret data to provide valid conclusions in the field of Electronics and Communication Engineering.			*		
5	Apply appropriate techniques and modern software tools for design and analysis of Electronic systems with specified constraints.		*			
6	Applycontextual knowledge to provide engineering solutions withsocietal, professional&environmental responsibilities.			*		
7	Provide sustainable solutions within societal and environmental contexts for problems related to Electronics & Communication Engineering.			*		
8	Comply with code of conduct and professional ethics in engineering practices		*			
9	Perform effectively as a member/leader in multidisciplinary teams.			*		
10	Communicate effectively to engineering community and society with proper aids and documents.			*		
11	Demonstrate knowledge and understanding of the engineering and management principles to manage projects in multidisciplinary environment			*		
12	Recognise the need for, and have the ability to engage in independent and lifelong learning.		*			

C. Curriculum Feedback

Please provide feedback on the expectations and changes that may be made in the course curriculum to bridge the gap between industry expectations and students level on graduation.

Please list new topics on current technologies and tools that may be introduced in our curriculum.

1. Seenium
2. JMeter
3. IBM - RFT

Please mention on techniques and methods that may be used in our curriculum for effective learning by the students.

1. More practicals regarding the subject
2. More training on basics
3. Staff can provide the materials (master copy)

Please provide feedback on the negative aspects that may be avoided in a course curriculum.

1. Un necessary writing assignments
2.
3.

D. EXPECTATIONS

Please provide feedback on the expectations from a new recruit and gap between the expectations and their level while joining. Also, please provide suggestions on how they may be improved through our course curriculum.

1.	Project-Raspberry Pi controlled smart switching through IOT	Dr.V.K.Sudha Professor & ECE	Dr.MCET	Rs.9840/- (20.07.2017)	Completed Nov.2017
2.	Project-Design of compact microwave circuit component using novel DGS and its application	Dr.R.Sudhakar Professor & ECE	Dr.MCET	Rs.9115/- (24.11.2016)	Completed August 2017
3.	Project-Classification of brain wave signals	Dr.K.Mohaideen Abdul Kadhar,AP-SG,ECE	Dr.MCET	Rs. 21,680/- (20.09.2016)	Completed August 2017
4.	In-House Research and Development Project on Design and Development of a Pilot Plant for the Production of Biochar and Bio-fuels	Mr.C.Radhakrishnan Assistant Professor Department of Automobile Engineering	Dr.MCET	Rs 4,00,000/- (28.11.2014)	Ongoing
5.	Synthesis of Catalytic Cracked Vegetable Oil For Diesel Engine Application	Mr.M.Thirunavukkarasu Assistant Professor(SS) Department of Automobile Engineering	Dr.MCET	Rs.73,000/- (19.07.2016)	Ongoing
6.	Tribological investigations of Ti- TB composites processed through microwave sintering for automobile disc brake applications	Dr.M.Selvakumar Associate Professor Department of Automobile Engineering	UGC	Rs 3,85,000/- (30.06.2017)	Ongoing

S.No	Title of the Minor Project	Principal Investigator /Project Co-ordinator with Designation	Sponsoring Agency	Amount In Rs.	Status (Completed / Ongoing / Sanctioned / Submitted)
7.	Feasibility study on of natural /glass fibre reinforced nano composites materials for naval applications	Dr.D.Shanmugam Associate Professor Department of Automobile Engineering	Navel Research Board	Rs 5,87,000/- (22.11.2017)	Ongoing
8.	Project-Classification of brain wave signals	Dr.K.Mohaideen Abdul Kadhar,AP-SG,ECE	Dr.MCET	Rs. 21,680/- (20.09.2016)	Ongoing
9.	Text to Facial Animation System	Dr.A.Rathinavelu, Principal, MCET.	MCET	Rs.2,20,000/- (20.04.2016)	Ongoing
10.	Semi-Autonomous Aerial fruit Reaping VehicLe (SAARAL)	Dr. Karthick Jayaram., Associate Professor Department of Automobile Engineering	New Gen - IEDC	Rs 1,94,850/-	Submittedon 28.02.2018
11.	Smart Farming Robot	Dr. R.Saravanan Professor and Head Automobile Department Dr. Karthick Jayaram., Associate Professor Department of Automobile Engineering	New Gen - IEDC	Rs217000/-	Submittedon 28.02.2018
12.	Project -Microstrip patch antenna using defected ground structure for wireless applications	Mr.V.Gurunathan AP/ECE	Tamilnadu State council for Science and Technology	Rs. 10000/-	Submitted on 30.08.2017
