### **10. Student Feedback Mechanism on Institutional Governance/Faculty Performance**

The feedback mechanism on governance and faculty performance at the institution consists of two different modes of collection, analysis and actions therein.

Feedback on aspects such as faculty performance and governance at the institution is collected informally during interaction meetings, class committee meeting, course committee meeting, SGS general body meeting and also through E mail.

#### **1. Interaction meeting:**

Meetings are periodically organized with students and students' representatives by the Secretary, Principal, Director (Students Affair), HODs', Head of sections and other coordinators. During such meetings feedback on specific agenda as well as other aspects including governance and faculty performance are collected. Actions as required are initiated based on the feedback.

**2. Class committee meeting:**

Class committee meetings are conducted thrice in every semester with four student representatives and all faculty members handling classes to discuss various aspects of teaching learning. A senior faculty acting as the convener collects feedback on various aspects including governance and faculty performance. The convener communicates the minutes of meeting to the PC and HOD along with requests for actions if any. Actions as required are initiated based on the minutes.

**3. Course committee meeting:**

Course committee meetings are conducted every semester for multiple section courses with students and respective course handling faculty members and convened by course coordinator. Course coordinator collects feedback on various aspects including faculty performance. The convener communicates the minutes of meeting to the PC and HOD along with request for actions if any. Actions as required are initiated based on the minutes.

**4. Student's Guild of Services(SGS):**

Student's guild of services periodically conducts meetings of general body which consists of all student representatives, office bearers of association, clubs and SGS members. SGS collects feedback on various aspects including governance and faculty performance. SGS communicates proceedings to the Principal, Director (Students affair) and Secretary based on the collected feedback for actions.

**5. Email:**

Students represent matters pertaining to governance and faculty performance amongst others directly to Principal, Director (Students Affair), Secretary, HOD and others through email as and when required. Based on the nature of representation, actions are initiated.

Every semester formal feedback on faculty performance and governance amongst others is collected from students through questionnaires and app (MCET edu). Feedback on faculty performance is analyzed and actions if required are taken by HOD concerned based on the analysis.
