

## Mr. Ananthakumar Mani

Vice President , PLM & Mech. / Elec.  
Capgemini Engineering, Bengaluru.

Ananthakumar Mani, Vice President, Global Business Leader for PLM/ Digital Continuity & Mechanical/ Electrical Engineering Services in Capgemini Engineering, Bengaluru, Karnataka, India. He acquired his Bachelor Degree in Mechanical Engineering from College of Engineering, Guindy and Masters in Engineering Management from Birla Institute of Technology and Science, Pilani.

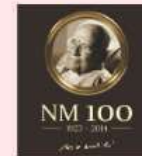

Ananthakumar Mani, started his career at Ashok Leyland Ltd., as Assistant Manager – Product Development in the year 1991. After his Masters degree, he joined as Senior PLM consultant at Atos and served in various positions at Wipro. Currently he is associated with Capgemini Engineering as Vice President, Global Business Leader for PLM/ Digital Continuity & Mechanical/ Electrical Engineering Services.

With over 25 years of experience in product lifecycle management (PLM), engineering design services, mechanical engineering, and consulting, He is a trusted PLM practitioner, responsible for driving business growth, developing competencies, building relationships, growing alliances, creating solutions, working with partners, and leading pre-sales and consulting.

He is passionate about creating innovative PLM journeys for customers and nurturing long-term collaborative relationships. With his vast experience and expertise in PLM he established center for partners, in the form of a dedicated lab for developers to work on emerging technologies such as digital twins, IIoT, augmented reality (AR) and more.

As an industry thought leader, Ananthakumar constantly adapting to a changing environment and observing new technology disruptions to apply them meaningfully to develop clients businesses.

He believes that neither success nor leadership can go very far without collaboration. He mentors, coach & guide individuals and teams. He believes that even complex problems have simple solutions.
