VISION

“We develop globally competitive workforce and entrepreneurs”

MISSION

Dr. Mahalingam College of Engineering and Technology, Pollachi endeavors to impart high quality, competency based technical education in engineering and technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. This institution is also striving hard to attain a unique status in the international level by means of infrastructure, state-of-the-art computer facilities and techniques.

QUALITY POLICY

MCET is committed to impart high quality, competency based education in engineering and technology to the youth and members of the community with the required skills and ability to face the challenging needs of the industry around the globe with continual improvement in academic, co-curricular and extra-curricular activities and upgradation of faculty and facilities.

About the Handbook

Heartiest congratulations for being the 26th batch students of Dr. Mahalingam College of Engineering and Technology (MCET). This handbook will act as your real time companion while you are in the campus. It will help you to learn about the facilities, people and programmes that are available in the campus for you to enrich your knowledge, skills and personality. You will have the opportunity to identify your true self and enhance your skills using the facilities and guidance available inside 44.66 acre campus. It has enough information that would come in handy when you need to know or cross check any information that you receive from others. Knowing what you have, what you should do and how you should do inside the campus will definitely strengthen you and boost your morale.

As the year unfolds, you take advantage of what MCET offers in terms of opportunities, be it research, the performing arts, service to the larger world, or athletics. You indulge in strong, positive connections with other learners and improve performance in the classroom and feel more at home on the campus. One of the most powerful learning opportunities you will experience is the act of caring for one another and expecting integrity of yourself and your fellow students.

MCET was born out of the great visionary, Arutchelvar. Dr. N. Mahalingam in 1998, as a part of Nachimuthu Industrial Association (NIA). NIA encompasses of 33 educational institutions under Sakthi Group. MCET has emerged as one of the premier engineering educational institutions in India. It has been accredited by NAAC with the highest A++ grade for the period 2018-2023, the only institution from Tamil Nadu to be awarded the highest NAAC grades consecutively in Cycle 1 & 2. Our college is one among the 5 colleges to receive that distinction in India. MCET has made students' life easier and meaningful through its state of the art infrastructure, qualified faculty members, industry relevant curriculum and student friendly environment. It has many additional facilities and centres of excellence staffed by highly qualified people, available inside the campus in order to guide, counsel and help you.

Listen intently. Think for yourself and above all, remember that you are the part of something larger than yourself, your living environment and your classroom. You are an MCETian.

MCET Chronicles, weekly, web released newsletter aimed at featuring key highlights and furnishing information about the activities of the students and Institutions.

MCET wishes you a fruitful and happy time in the next four years while you are transitioning from a high school student to a role ready engineer to build the state and the country.

FOUNDER - CHAIRMAN

Arutchelvar Dr. N. MAHALINGAM, B.Sc., F.I.E.

Arutchelvar Dr.N.Mahalingam founded MCET in 1998. A legendary Gandhian by principle, a patriotic and proud son of the soil, he is a man of pious living. An

agriculturist by birth, he graduated to be an Engineer and Technologist. Through his persistent endeavour, he rose to become a genius in planning and execution, eventually to be hailed as an Industrialist and Pioneer of modern sugar industry. He is lauded and remembered for his indelible contributions in the field of Education, Transportation, Religion, Literature, History, Rural Development, Music, Tamil language and Sports.

He obtained Bachelor degree in Science from Loyola College Chennai. He was a member of the Tamil Nadu Legislative Assembly for 15 years (1952 to 1967) and played a key role in bringing numerous development projects, including the Parambikulam - Aliyar Project that helps irrigate the agriculture lands in Pollachi region.

With the vision of educating the rural mass of Kongu region, he founded many educational institutions, that cater to the educational needs of the society for the past six decades. The birth of NIA in 1957 was the foundation of his concern and commitment to provide knowledge and to act as an enabler for progression and today this commitment stands tall with about 20,000 students in all Sakthi group of Institutions.

As an industrialist he has held several important positions and has played major roles fostering the development of agricultural, industrial, human resource and institutional development at the State and National levels. His social and humanitarian considerations took his journey beyond the boundaries of industries and scholarly tenets he nurtured. Right from his young age, NM, as he is affectionately known to all, has been inspired by the life and aspirations of Mahatma Gandhiji and St.Vallalar. He had been instrumental in the revival and spiritual regeneration of Tamil literature.

His exemplary social contributions in numerous fields of socio-economic spectrum have benefitted scores of institutions and individuals inspired by him during his long career. The Government of India duly recognized his meritorious deeds and honoured him with the prestigious Civilian award - PADMA BHUSHAN in 2007. In recognition of his outstanding contributions to various fields of development, he was awarded the degree of 'Doctor of Laws' by Bharathiar University, Coimbatore, and the much honoured 'Doctor of Sciences' by Anna University, Tamil Nadu Agriculture University and Madurai Kamaraj University.

CHAIRMAN

Dr. M. MANICKAM, M.Sc., M.B.A.

Dr.M.Manickam is a visionary, dedicated industrialist, strategic planner and the chief architect of Sakthi Groups, which is India-based global organization with interests in a diverse spectrum of

spheres ranging from industries, educational hubs to auto industries, healthcare, etc., The educational wing delivers innovation and academic excellence under the umbrella of NIA Educational Institutions. He is the Chairman of NIA Educational Institutions, Chairman and Managing Director of Sakthi Sugars Limited and Sakthi Auto Components Limited. He was the president of Indian Sugar Mills Association during 1996-97.

He is an institution builder who likes to spread education to youth with core values. He is extremely passionate about technology, automobile industries which reflects in his initiatives to provide excellent skill-based learning, experiential learning to students. Keeping in pace with the global needs and challenges under his leadership and prompt guidance, the institution is offering education to seek solutions to sociological and societal problems. As a sequel to this, he envisions to provide students with leadership skills, sense

of responsibility and ready to strive in all fronts with excellence.

He has an MBA from the University of Michigan, United States and M.Sc., (Statistics) from the University of Madras. He has been honoured with an Honorary Doctoral Degree of Science by Tamil Nadu Agricultural University (TNAU), Coimbatore by recognizing his exemplary contributions in the management of Agro Processing Industries and Agricultural Development in July 2010.

A novel endeavor on medical genre is at the mark with the establishment of Mirakle Wellness Clinic and Mirakle Vitamin C drink. A supplementary treatment to boost immunity for cancer patients, has seen a big surge in demand to treat Covid-19 patients. He believed to address various serious ailments and make the lives of the people healthier and simpler with Vitamin 'C' as the important nutrient. He is the game changer in the development of liposomal vitamin C formulation after 18 years of research. He is the President of Tamil Nadu State Chess Association. He evinces keen interest in the development of Good infrastructure in the technical institutions and the implementation of Computer based training programmes for the workforce.

CORRESPONDENT

Thiru. M. HARI HARA SUDHAN, B.E., M.S.

Born into a family of industrialists, our Correspondent Thiru. M. Hari Hara Sudhan's path has steered him to be the stalwart in the business front he is today. A Master's

Degree in Automotive Engineering from the University of Bath, United Kingdom and Under graduation in Mechanical Engineering from PSG College of Technology, Coimbatore begins his work experience at Ford Motor Company, Dunton, UK as a Component Engineer and in multinational auto manufacturing company for couple of years.

With a compendium of knowledge, he is a vital part of Sakthi Auto Component and ABT Industries Limited as Director since 2011. He has been the Correspondent of MCET since 2012. Administration, international business, logistics, automobile marketing, strategic planning and imbibing technology in education are his forte. As an accolade for his flair, ABT Limited has received National Award for Supply Chain and Logistics Excellence – CII Scale Awards 2018. With his initiative, tablet based learning was launched from 2017 at MCET with GEEK Dino tablets.

SECRETARY

Dr. C. RAMASWAMY, M.E., Ph.D., F.I.V.

Dr. C. Ramaswamy is the Secretary of NIA Educational Institutions. He has been associated with NIA for more than five decades in providing high quality education to thousands of students.

He was the Principal of Nachimuthu Polytechnic College, from 1994 to 2000. He was instrumental in the development of the college in all aspects and he was also the Founder Principal of MCET. He has been the Secretary of NIA Institutions since 2000.

With a strong determination and active involvement, he helps the NIA institutions to achieve academic excellence. He has created an indelible page in the golden history of NIA institutions, in creating infrastructure, promoting partnerships with institutions and corporate in India and abroad.

An experienced educationist and administrator, he has played a dominant role in the growth and development of the NIA institutions.

He obtained his doctorate from University of Madras for his research on Industry Institute Collaborative Model in the year 2017.

CHIEF HUMAN RESOURCES OFFICER

Dr.S.V.SUBRAMANIAN, M.B.A. (HR)., Ph.D

Dr.S.V.Subramanian, Chief Human Resources Officer, NIA Educational Institutions & ABT Limited is defined as having a leadership style

that's positioned around authenticity and pragmatism.

He obtained his Doctoral degree in the discipline of Management from Bharathidasan University, Trichy with highly commended research in the area of Competency Mapping.

He is holding 25+ years' experience in HR and Admin with strong expertise at handling green field project HR activities. His efficacy includes ER & HR aligned issues in industries like Manufacturing, Retail and Corporate HR. His erstwhile employers are LMW, TVS and Suzlon. He has an umbrella

of experience in Automobile, Textiles, Infrastructure and Retail Industries across Tamil Nadu. In this role, he is responsible for envisioning the roadmap in the formulation and development of Strategic Business Plans, Change Management & handling various IR & HR processes. He is passionate about researching and exploring novel ideas in HR and organization development.

Prior to his current position, worked as an Asst. Vice President - HR & Admin for the group having diversified business verticals including Jewellery manufacturing and retailing.

He is currently serving as a Chairman in Institute Management Committee of Government Industrial Training Institute (Women), Coimbatore and Academic Advisory Board Member at Rathinam Arts and Science College, Coimbatore.

He also served in forums like Confederation of Indian Industry (CII)-Southern Region, CII-Coimbatore Zone and District Level Skill committee at various capacities.

PRINCIPAL

Dr. P. GOVINDASAMY, M.E., Ph.D

Dr. P. Govindasamy, Principal, MCET holds more than 30 years of experience in Teaching, Research and

Administration. He occupied a variety of

positions in his career as Principal, Vice Principal, Dean-R&D, Dean Student Affairs, Head of the Department, BoS Chairman, Member in Statutory bodies and other academic positions. He is aiming to leverage 30 years of academic experience to drive students' growth and implementation of innovative teaching methods to intensify students' engagement.

He received his Doctoral Degree in 2009 under the faculty of Mechanical Engineering from Coimbatore Institute of Technology, Coimbatore and Master's Degree in Thermal Sciences - IC Engg in 1992 from College of Engineering Guindy, Chennai. He completed his Bachelor's Degree in Mechanical Engineering in 1989 from Kongu Engineering College, Erode. During his academic tenure, he has published more than 56 research papers in several national and international journals and more than 32 research proceedings in

various national and international conferences. In addition, he has received research and seminar grants from various organizations such as AICTE-ISTE STTP, CSIR, and AICTE. He is serving as the Editor for Journal of Petroleum and Alternative Fuels (JPTAF).

He has also guided and supervised more than 100 UG projects. He has membership in professional bodies such as ISTE, Institution of Automobile Engineers (India), Combustion Institute, SAE, Institution of Valuers, ASME, SESI - ISA, ISTE, and IEEE. His research interests include button gear shifter for Two wheeler, alternative fuels for IC Engines, Performance and emission analysis of catalytic coated cylinder head in CI Engine. He has carried out numerous consultancy activities meeting the societal needs and enhancing the eco-friendly environment. In addition, he has raised fund through research proposals via AICTE -RPS, TNSCST and AICTE Modrobs. He holds a wide experience in AICTE/University/ Government approval and NAAC activities. He has visited numerous countries like Malaysia, Bangladesh, Japan, Thailand, Taiwan and Hong Kong for his research and related academic endeavours.

DEAN (ACADEMIC & AUTONOMOUS)

Dr. A.SENTHILKUMAR, M.E., Ph.D

Dr.A.Senthil Kumar, Dean (Academic and Autonomous) working at Dr. Mahalingam College of Engineering and Technology for the past 12 years and owning 28 years of teaching experience.

His under graduation was at PSG College of Technology in the discipline of Electrical and Electronics Engineering and his Post Graduation in VLSI Systems at National Institute of Technology, Trichy with an Academic Excellence Award for the outstanding performance by Bharathidasan University. VLSI Signal Processing is the key area of research for his doctoral study in Anna University, Chennai. He has received the best teacher award twice. His pivotal areas of interest include Embedded System, VLSI Signal Processing and Industrial Automation.

Under his guidance, 11 PhD Scholars have obtained their doctoral degree. He presented more than 50 papers in national and international conferences and published 25 Papers in International Journals in his expertise areas, Low power VLSI design, Embedded system. Received the best paper award from International Transaction on Computer Science and principal person in executing voluminous consultancy work in the area of Embedded System, Energy Auditing and Industrial automation. He received a grant of Rs 44,25,000 received for versatile research projects from UGC, AICTE, DST etc. He has funding grant of Rs 17,06,000 organise various seminars/FDP/Work Shops / Conferences. He has travelled to Canada, Thailand and Singapore for his research and education associated activities.

DEAN (RESEARCH & INNOVATION)

Dr. S. RAMAKRISHNAN, B.E, M.E., Ph.D

Dr.S.Ramakrishnan has 24 years of teaching experience and he is Dean of Research & Innovation, Professor and the Head of the

Department of Information Technology, MCET.

He has successfully guided 9 Ph.D candidates & guiding B.E and M.E Projects. He is a Reviewer of 39 international journals including 12 IEEE Transactions, 8 Elsevier Science, 5 IET, Springer Journals, Wiley Journals, ACM Computing Reviews, etc. He is in the editorial board of 6 International Journals.

He has published 202 papers in conference and journals like IEEE Transactions on Image Processing, IEEE Transactions on Industrial Electronics, IET Image Processing, IET Healthcare, Elsevier, Springer, IETE Journal of Research, Taylor & Francis etc. He reviewed 24 books for ACM Computing Reviews and 3 books for McGraw Hill International Edition. He has filed

2 Patents at IPO. He is an Associate Editor, IEEE Access & Guest Editor for special issues in Telecommunication Systems Journal-Springer, International Journal of Information and Computer Security-IAENG, International Journal of Computer Science-Inderscience, International Journal of Tomography and Statistics-IIIT Roorkey. He has authored 14 books on topics like Image Processing, Speech Processing, Pattern Recognition, Wireless Sensor Networks, Cryptography published by CRC Press of Taylor and Francis Group, USA, Nova Science, Lambert Academic Publishing, Germany and InTech Publisher, Croatia.

He has efficaciously completed External Funded project Sponsored by Council of Scientific & Industrial Research, All India Council for Technical Education and Defence Research and Development Organisation. He is recognized as the top scientist in AD Scientific Index by securing top 13% in India, 16% in Asia & 21% in world.

DEAN – INDUSTRY RELATIONS & TALENT DEVELOPMENT

Dr. Calvin Sophistus King, M.Tech., Ph.D

Calvin Sophistus King has two decades of academic and administrative experience spread across affiliated college, autonomous college, private university, deemed university and foreign university systems. He has a Ph.D. in Energy Engineering from Birla Institute of Science and Technology, BITS – Pilani, an M.Tech. in Energy Engineering from National Institute of Technology, Trichy and B.E. Mechanical Engineering from PSNA College of Engineering and Technology, Dindigul.

He is passionate about learning and development which reflects in the programs that he has designed for academia and industry. He is an accomplished learning and development professional with rich exposure in outcome-based education model. He has been instrumental in several learning and development initiatives for students, faculty members and industry professionals.

He is an active member of various professional bodies, including American Society of Engineering Education, Society of Automotive Engineers, Association of Neurolinguistic Programmers, Kirkpatrick Partners, Project Management Institute etc. to name a few. His expertise includes learning experience design, behavioural change management, project management apart from renewable energy and electric vehicles.

He is a Kirkpatrick Certified Training Evaluator, Neuro Linguistic Programmer, Cambridge University certified Trainer and Dale Carnegie certified Instructor. He has certifications from top universities of the world in various domains like education, leadership, online learning, electric vehicles, project management etc. He is a travel freak and car enthusiast. Has visited Thailand, Singapore, Malaysia, Qatar, Israel, Spain, Canada and lived in United Arab Emirates.

He believes in collaboration and co-creation for talent development based on inherent needs of society.

AUTONOMOUS SYSTEM

MCET is one of the premier institutions granted autonomous status by University Grants Commission (UGC) during the academic year 2011-2012. Autonomous status of MCET has enabled the institution to :

- ◆ Design and prescribe its own courses of study and syllabi
- ◆ Restructure and redesign the courses
- ◆ Cater to specific needs of key stakeholders
- ◆ Adopt Industry aligned curriculum
- ◆ Practice novel methods of teaching and learning
- ◆ Use modern tools of educational technology
- ◆ Assess performance of students through outcome attainments
- ◆ Promote extension activities
- ◆ Carry out projects for the benefit of the society

The curriculum and syllabus for all the programmes are designed and developed by the respective Board of Studies with representation of all the key stakeholders with due consideration for the stakeholder requirements, statutory mandates, benchmarks and vision of the departments. The curriculum and syllabus thus designed is approved by the Academic Council with experts drawn from the governing council, affiliating university and key stakeholders such as the industry experts, faculty members, students and alumni.

The programme consist of courses such as technical skills courses, professional skills courses, one credit courses and projects, further classified into various categories. The programme also ensure sufficient industry exposure to the students. The institution has implemented Choice Based Credit System (CBCS) for all UG programmes. The institution has adopted Outcome Based Education (OBE) model in the design, delivery and assessment of programmes and courses. Assessments and evaluation are carried out in all programmes through a Continuous Comprehensive Evaluation (CCE) system.

CHOICE BASED CREDIT SYSTEM (CBCS)

University Grants Commission has come up with the CBCS programme in which students have an option to choose from the prescribed courses that are referred to as basic sciences, engineering sciences, core and elective courses. They can learn at their own pace and the entire assessment is grade-based on a credit system. The fundamental idea is to fulfill the needs of the students so as to keep them up-to-date with the development of higher education in India and abroad. CBCS aims to redefine the curriculum keeping pace with the liberalisation and globalisation in education.

CBCS is introduced in MCET from the academic year 2016-17. The salient features include

- ★ Each student, on admission shall be assigned to a Class Coordinator who shall advise and counsel the student about the details of the academic programme and the choice of courses considering the student's academic background and career objectives.
- ★ A course shall be offered by a department only if a minimum of ten students register for that course. Special permission has to be obtained from the Principal to offer a course for less than ten students.
- ★ After registering for a course, the student shall attend the classes, satisfy the attendance requirements, earn Continuous Assessment marks and appear for the End Semester Examinations.
- ★ From III to VII semesters, the student has the option of registering additional courses (after meeting the pre-requisite if any, provided the student has a minimum CGPA of 7.5) or dropping existing courses (except Project work, PS and OCC) with due approval from the Principal through the Head of the Department. Total number of credits of such courses cannot exceed 8 per semester.
- ★ A student is ordinarily expected to complete the B.E. / B.Tech. Programme in 8 semesters (four academic years) but in any case not more than 14 Semesters for HSC (or equivalent) students and not more than 12 semesters for lateral entry students.
- ★ Students have to choose electives from a pool of electives broadly grouped into open electives (offered across programme) and professional electives (specific to the domains in the programme).
- ★ The relative grading has been implemented for the students admitted from the academic year 2021-2022 onwards.
- ★ The students who have been admitted in UG programme in the academic year 2023-24 are coming under CBCS Regulations 2020-23.

COURSES OFFERED

CENTERS OF EXCELLENCE

MCET has continually improved its learning spaces to match the technological advancements. MCET has established series of unique learning spaces called Centers of Excellence in emerging areas of engineering and technology by joining hands with leading industries. These CoEs have modern state of the art equipment/software/workstations. Faculty members who are sufficiently trained by the industries concerned act as center in-charges. The Centres of Excellence have been established to;

- Build skills of students and faculty in emerging technologies
- Carry out research in niche areas of engineering and technology
- Offer project based learning as part of the curriculum
- Deliver one credit courses as part of the curriculum
- Conduct short term training programmes for various types of audience

Sl.No	Name of the Centre	Year of Estd.

TEACHING LEARNING CENTRE

Genesis

The educational system at MCET has undergone stages (Affiliated / Autonomous / Outcome Based) of evolution in the past decade to adopt Outcome Based Education (accepted globally after the Washington Accord) MCET is leveraging the Autonomous status (w.e.f. 2011) to implement Outcome Based Education across all programmes. The Teaching and Learning Centre (TLC) is established to focus on continuous quality improvement in every aspect of education. It takes into account ;

- ◆ New policy frameworks at the national level in the areas of higher education
- ◆ Directives issued by regulatory bodies like AICTE, UGC, etc.

The Teaching Learning Centre (TLC) empowers the faculty to equip the students to strive in an academically challenged and actively engaging environment. We work to create a platform for an intensive teaching, learning, evaluation and assessment experience. We enable the faculty to emerge as Tech Educators, Thought Leaders, and Tech Innovators in the field of technology.

Mission

Conceive, Design, Implement and Operate teaching-learning practices to enable learners to demonstrate 21st century skills.

Objectives

- ◆ Support learners in demonstrating futuristic competencies by introducing suitable policies.
- ◆ Develop technical and teaching competencies to meet emerging contemporary needs leading to successful learning achievements.
- ◆ Design learner-centric physical, digital workspaces to improve learner engagement and effectiveness of learning.
- ◆ Deploy academic frameworks aimed at promoting learning for multiple stakeholders.

Co-ordinators

Dr. T. Ramkumar, AP (SG) / Mech.	Head - TLC
Dr. K. Saranya, AP (SS) / EEE	Co-ordinator - Circuit Stream
Ms. S.C.Lavanya, AP (SS) / CSE	Co-ordinator - IT Stream
Mr. A. Manikandan, AP / Civil	Co-ordinator - Core Stream
Ms. V. Arunadevi, AP (SS) / English	Co-ordinator - S&H

INDUSTRY RELATIONS AND TALENT DEVELOPMENT

Industry Relations and Talent Development (IRTD) division aims continuously to build partnerships with industry by actively engaging with key stakeholders (Industry, Government, Institutions, Public) for the benefit of different categories of learners and continuously developing contemporary and futuristic competencies of faculty, staff, students and other learners through systematic analysis, development, implementation and assessment of programs. This enable the Institution to remain competitive in education now and in future.

The division consists of dean's office, Career Planning and Guidance (CPG) section, Centers of Excellence (CoE) Center for Higher Studies, Competitive exam and Foreign language (CHCEFL), Center for Innovation, Business Incubation and Entrepreneurship (CIBIE) and MCET Alumni Association.

IRTD Division encompasses Career Planning and Guidance.

Section	In-charges
IRTD	Dr. Calvin. S. King, Dean - IR&TD Mr. S. Pavithran, Executive - IR&TD
CPG Placement , Training and Talent Development	Dr. B. Kishore, Head (Training and Placement) Mr.M.Anguraj, Technical Assistant Mr. P. Shenbagarajan, Training Officer
Centre of Excellence	Dr. R. Gnanaguru, Head (COE), Lead (Talent Development)

CIBIE	Mr. R. Chandrasekar, CIBIE Incharge
MCET - Alumni Association	Mr. M. Saravana kumar, Alumni Relations Officer Mr. J. Hariprasad, Alumni Relations Officer Business Development Manager (BDM)

Cells under IRTD	Area of Focus
Placement	The Placement cell acts as the Nodal point for connecting the students with prospective employers. This is achieved through constant interaction with employers from different industries. It also remains in contact with the alumni working in different industries and invites them for regular student interaction to boost their morale and employment preparedness.
Training & Talent Development	The training cell works in close coordination with the academic departments, placement cell and value added education division. The training covers aptitude, soft skills besides domain specific technical skills.
Centers of Excellence	CoEs are state of the art facilities at various levels of skill established in collaboration with industries. These facilities provide opportunities for skill development of students, faculty and industry professionals. They also support research and consultancy activities of the respective departments. One credit courses, training in trades of National skill qualification frame work, testing and certification, execution of government schemes such as PMKVY are carried out by the centers.
Higher Education and Competitive Exam	It is an irrefutable fact that overseas education enhances the outlook of students and prepares them to become global citizens. MCET has established lasting partnerships with reputed overseas higher educational institutions. It conducts awareness programmes to students on higher studies opportunities in India and abroad, besides tying up forum to start coaching centres in the campus. Counselling centres to guide students on higher studies abroad have been set up in the campus.
Center for Innovation, Business Incubation and Entrepreneurship	CIBIE caters to the need of entrepreneurial students by creating awareness, kindles spirit of innovation, acts as a nodal centre for designing and fabricating proto types and provides market consultancy / incubation facility to nurture ideas into products.
MCET Alumni Association	The objective of the association is to create a strong, world-wide, fully interactive community, moreover to build bond with the passed out student community and in turn develop relationship with the stake holders in the society. Over the years, our alumni network has expanded across the globe in various sectors currently with 16,000+ alumni passed out till 2023 (22 batches).

STUDENTS GUILD OF SERVICE (SGS)

The institute has Students Guild of Services (SGS), a student body constituted as per the guidelines of MCET. SGS coordinates and executes various activities throughout the year.

SGS is a student body, exclusively made up of students from II to IV years. It is a body of students, for the students and works to ensure that every student gets the best possible college experience. Every year, a new team consisting of a President, Secretary and about a dozen members to represent areas such as, sports and other curricular and co-curricular activities, is selected from a pool of applicants who wish to serve. SGS selects a team of about 100 Event Management Team volunteers to assist them and all positions are voluntary. Every student is given equal opportunity to apply for various positions. The members are selected by a committee constituted with faculty members from all the Departments.

SGS acts as a messenger between the student body and the management. All the members are responsible to ensure that every student's thoughts, opinions and beliefs are heard by the management. This representation of students to the management is done by conducting periodic general body meetings where the class representatives of all the classes are present to understand the issues related to student life at MCET. They meet the management as and when necessary to inform, discuss and identify possible solutions to issues and relay them back to the students. In short, it encourages students' feedback and shares the College initiatives resulting from student feedback. It provides input to the development of policies and services that support students and advance the quality of learning activities at MCET. SGS actively contributes to the College decision making in relation to the student experience. SGS actively participates in the academic council, curriculum designing, IQAC and Programme Assessment Committee.

Most of the college functions and the annual technical symposium are planned, organized and managed by SGS. SGS marks important events such as Engineer's Day, Teachers' Day, Independence Day, Annual Day, Sports Day etc. with several co- curricular and extra-curricular events and honour the talents of the students.

STUDENTS CODE OF CONDUCT

STUDENT RIGHTS AND RESPONSIBILITIES

Statement of Policy

All MCET students are expected to understand and comply with the college policies, specifically, the rights and responsibilities set forth in this document.

Preamble:

MCET promotes an environment that ensures the freedom of students' learning to their fullest potential. The college is committed to the principle that it is the students' duty to respect each other and develop a professional environment in which the educational mission of the college can be freely pursued to the greatest degree possible.

Every student should constantly strive to improve his or her knowledge, skills, understanding and perspectives through lifelong learning. Honesty, integrity and respect in all interactions with the fellow students, teaching, non-teaching, office staff and other college employees are the essential academic attributes which are indispensable to promote success. Therefore, a student should commit to the mission, ideals, ethics and standards of the institution, when he / she registers to seek admission.

Student Rights:

Students are entitled to equality and fairness in all dealings with respect to college policies.

All the students have equal right of access to the services of the college, in accordance with the college policies. They have the right to:

- ◆ Access information regarding the general qualifications and requirements for establishing and maintaining academic standing within a particular program at all levels within the college.
- ◆ Access the course and examination learning outcomes, requirements, and grading policies set by the college.
- ◆ Access the graduation and / or completion requirements for their program.
- ◆ Assure the privacy and confidentiality of their education records and other personal information.
- ◆ Appeal any disciplinary action in accordance with the established college policies.

Student Responsibilities:

Students

- ◆ Are expected to abide by the current policies of the college and administrative processes as stated in the Student Code of Conduct.
- ◆ Must not harass others verbally, psychologically, sexually or in any other form. Ragging is a national crime and punishable according to the laws of the land.
- ◆ Are expected to participate actively in the counselling process, demonstrating that they are progressing satisfactorily in their degree programs.
- ◆ Are expected to abide by the current policies of the college and administrative processes as stated in the Student Code of Conduct.
- ◆ Should have the responsibility to uphold and obey all central, state and local laws
- ◆ Must possess the responsibility to keep the college informed of any changes in name, postal address, email address, telephone number and other personal data required by the college.
- ◆ Should possess the responsibility to meet their financial obligations to the college on time.
- ◆ Are expected to keep themselves informed about the content of all notices concerning the changes, events, news and information periodically posted/displayed on the college web site and notice board.
- ◆ Must have the responsibility to participate in assessments that may be required during the period of their course. These tests may be in addition to the regular course work and are required to gather critical information on achievement of student learning. Students are expected to actively participate and make every effort to do their best in these assessments to produce scores that would accurately reflect their abilities. The results from these assessments will not be a part of the course or examination grade but are crucial for the purpose of program improvement and are frequently required by regulators and accreditation agencies. Participation in these assessments contributes toward increasing the value of the degree by providing evidence of student learning to external organizations, employers and the general public.
- ◆ Will get their character and conduct certificate as good only if they meet the above Code of Conduct without any infraction during their course of study.

- ◆ Take other actions, as appropriate.

Appeal

The student may appeal to the Principal, in writing for additional review of the case under investigation if the actions taken were unsatisfactory. Principal or a member designated by Principal will inspect all the facts pertaining to the case under review and recommend the course of action to the disciplinary committee, whose decision is final in all cases.

NOTES

NOTES

MCET

Thiru. P. Nachimuthu Gounder, great visionary was an embodiment of hard work, sincerity, truthfulness and perseverance. He desired to impart technical education and training to the youth of Pollachi region, referring the PSG Polytechnic model at Coimbatore. Due to his untimely demise, his illustrious son Arutchelvar Dr. N. Mahalingam, made his fathers dream come true by establishing **Nachimuthu Polytechnic College (NPTC)** in the year 1957 under Nachimuthu Industrial Association (NIA).

The institute started with **120 students** intake in Mechanical, Civil and Electrical Engineering departments, offering diploma education, has become one of the foremost aided autonomous polytechnics in Tamil Nadu with quality technical education. NPTC is the first polytechnic college in the country to receive the Gold category accreditation by Asia Pacific Accreditation Certification Commission (APACC). Another jewel in the crown of NIA campus is the unique Collaborative Education Programme both at Diploma and Degree level with TVS Motors Company, since 2008.

The campus celebrating its Diamond Jubilee year, has been the birthplace of several institutions via:

Sakthi Polytechnic College established in this campus in the year 1981, ran for three years and later shifted to its permanent campus in Nachimuthupuram, Sakthi Nagar, Bhavani, near Erode.

In commemoration of the silver jubilee year in 1983, **umaraguru College of Technology** was started in the year 1984. The college, which ran for 6 years in this campus, later shifted to Saravanampatti, Coimbatore.

Arutchelvar, a Gandhian, strongly believed in Gandhiji's philosophy that promoted learning to financially support one's own education. Hence, in 1995 established **Palani Gounder Higher Secondary School**, a standalone higher secondary vocational school.

In the year 1998, commemorating the **75th** birth year of Arutchelvar and 4 decades of rendering technical education through NPTC, **Dr. Mahalingam College of Engineering and Technology (MCET)** was established.

To commemorate the golden jubilee in the year 2007, the campus witnessed the establishment **Vaasavarayar Institute of Agriculture**. The college is situated 20 km away from Pollachi in a sprawling 250 acres of land.

MCET also has Four technical conglomerates ABT info.net, Caresoft Global, VVDN and ABT Maruti which supports the students for industry exposure and training. NIA also has 20 centres of excellence and two industry collaborated laboratories with various industries.

The campus has also conducted three international conferences on Renewable Energy and Sustainable Environment in 2015, 2017 and 2019.
