

## Programmes Conducted during the year 2017-2018

S. No	Programme	Date	Title
1	National Conference	20.4.2018	National Conference on communication and Instrumentation Systems (NCCIS)
2	Workshop	15.02.2018 & 16.02.2018	Network simulators (ns3) and cloud networks
3	Workshop	23.2.2018	Custom IC Design, CMOS Process Integration, IC Fabrication, Packaging and Testing
4	Workshop	08.09.2017 & 09.09.2017	IOT and Data Analytics
5	Workshop	26.09.2017 & 27.09.2017	CMOS RF receiver front end design using Cadence and ADS EDA Tools
6	Workshop	18.09.2017 & 19.09.2017	Advanced Digital Signal Processing with Matlab
7	Workshop	27.07.2017 & 28.07.2017	Implementation of Image Processing Algorithm on FPGA
8	Workshop	03.07.2017 – 07.07.2017	System design and verification using System Verilog HDL
