ACKNOWLEDGEMENT

We the members of the Strategic Planning Group of Dr. Mahalingam College of Engineering and Technology (MCET), Pollachi take immense pleasure in placing on record our profound thanks to AructchelvarDr.N.Mahalingam, Chairman, Thiru.M.Manickam, Vice-Chairman of the Governing Council, Prof.C.Ramaswamy, Secretary NIA Educational Institutions and Dr.S.ChenthurPandian, Principal for nominating us as members of the Strategic Planning Group and for providing us with the unique opportunity of training in the development of the strategic plan.

We express sincere thanks to the fecilitatorsDr.D.Brahadeeswaranand Dr.S.Dhanapal of National Institute of Technical Teachers Training and Research, Chennai, who conducted the strategic planning workshop in a professional manner and provided excellent inputs and guidance for developing the strategic plan

We are highly grateful for the valuable contributions of all our stakeholders, especially Industries, Alumni, Staff members, Students and their Parents in terms of ideas, suggestions and information towards the development of this plan.

Members of the Strategic Planning Group

1.0 INTRODUCTION

PREAMBLE

Dr. Mahalingam College of Engineering and Technology, Pollachi, is a private, self-financing, co-educational engineering college, established in the year 1998 to commemorate the 75th birth day of Arutchelvar Dr. N. Mahalingam and to cater to the needs of students aspiring for education in the field of Engineering and Technology. The college is approved by All India Council of Technical Education, New Delhi and is affiliated to Anna University, Chennai.

The college campus spread over 29.53 acres and situated adjacent to Nachimuthu Polytechnic College is located on the Coimbatore – Dindigul National Highway, NH 209, about three kilometers from Pollachi Town.

The College is administered by a Governing Council, with Arutchelvar Dr. N. Mahalingam, B.Sc., FIE., as its Chairman, Thiru. M. Manickam, M.Sc., M.B.A., as its Vice- Chairman and Prof C.Ramaswamy, Secretary of the NIA Educational institutions is guiding the development of the institution.

The College offers following undergraduate and post graduate programmes in engineering and technology.

Under Graduate Programmes:

- Bachelor of Engineering (B.E)
 - i) Mechanical Engineering
 - ii) Electronics and Communication Engineering.
 - iii) Computer Science and Engineering.
 - iv) Electrical and Electronics Engineering.
 - v) Instrumentation and Control Engineering
 - vi) Civil Engineering
 - vii) Automobile Engineering

- Bachelor of Technology (B. Tech)

- i) Information Technology.

Post graduate courses

- i) M.E. - CAD / CAM
- ii) M.E. – CSE
- iii) M.E. – Applied Electronics
- iv) Master of Computer Applications

Research Centre

- Recognition of Research Centre for Mechanical & Electrical Engineering

NBA Accredited Courses

- B.E. Mechanical Engineering, ECE, CSE and MCA was accredited on 22.05.07
- B.Tech. IT and B.E. EEE was accredited on 03.03.2009

Qualified, experienced, and dedicated faculty, state of the art laboratories, workshops, and centres of excellence enable the students to face the challenging needs of the industry as well as the research institutions.

Fully computerised library with bar coding facilities with over 45000 volumes of books and a large number of CD ROMs, is functioning in the campus on all 365 days for the benefit of staff and students.

The Students Guild of Services (SGS) functions in the campus with full vigour for the overall development of the students and make them employable.

VALUE ADDED CENTRES

In addition to the curricular inputs the students are provided training in several currently relevant areas of technology through Value Added Centres, which makes them job ready graduates. These centres train the students through experts from the industry or faculty members trained by the industry.

The following centers are functioning in the campus.

- Apple Distinguished School (ADS)
- Oracle India (P) Ltd
- EMC Corporation (NYSE: EMC), Hopkinton, Massachusetts, USA
- Altair Engineering
- Kriatec Services (P) Ltd.,
- IBM University Program
- AUTODESK Educational Partner Programme – CAD Center
- MTAB Denford – CAM Center
- ANSYS Authorised Training Center – CADAM
- VLSI Design Center
- Computer Telephony Integration Center
- TUV Academy Cell
- Distributed Learning Services
- Mainframe Training Center
- Entrepreneurship Development Cell
- Language Learning Center
- Internet Data Centre

COLLABORATION WITH FOREIGN UNIVERSITIES AND COLLEGES

The College has established tie-ups with the following Universities/Colleges for offering their various Engineering and Science programmes at various levels and through various modes.

- Edith Cowan University (ECU), Perth, Western Australia
- Cambrian College of Applied Arts and Technology, Sudbury, Canada.

- Cape Breton University, Canada
- University of Manitoba, Canada

Collaboration with Industries

- MoU was signed with BSNL on 23.01.2009
- MoU was signed between IIPC, MCET and Yokogawa India Limited, Bangalore on 19.08.2009
- MoU was signed with Altair Engineering on 05.09.2009

Other amenities in the campus :

- Cafeteria
- Bank with ATM
- Post Office
- Book depot
- JothiMandapam
- DTP centre
- Transports
- Campus Health Centre
- Fitness Centre

This ISO 9001:2000 certified institution since 2003 is now embarking on strategic planning and implementation for its holistic development.

1.2 NEED FOR STRATEGIC PLANNING

The impact of globalisation and the consequent open market policy of India has ushered tremendous changes in Industry and Technology during the last few years. The college wishes to keep pace with the changes and provide to its students the best that technical education can offer. There is thus a vital need for the college to develop a Strategic Plan that enables it to cause the right changes and manage them effectively.

2.0 STRATEGIC PLANNING PROCESS

For developing the first Strategic Plan of the college, 16 members of the college staff, representing various departments and functions were selected to constitute the 'Strategic Planning Group' (SPG) of the College.

Dr. D. Brahadeeswaran, Professor and Head, Policy Planning and Educational Research and Dr. S. Dhanapal, Professor and Head, Curriculum Development, from National

Institute of Technical Teachers Training and Research (NITTTR), Chennai, served as the resource persons for the Strategic planning process.

The planning process and the preparation of strategic planning document were completed in three workshops each of three days duration conducted between August and November 2010.

In the first workshop, the resource persons enlightened the SPG on what strategic planning is, its advantages, and the methodology to be used. At the end of the workshop, a Strategic Planning for the year 2011-2016 were developed. Questionnaires for conducting SWOT analysis were also prepared by the SPG.

Before the commencement of the second workshop the questionnaires were administered to the key stakeholders and responses were received. The data collected were analysed during the first day of the second workshop and the findings of SWOT analysis were consolidated. Based on the SWOT data, 8 thrust areas were formulated and respective thrust area managers and their team members were identified. The thrust area managers and their team members prepared the objectives, objective statements, Strategy Implementation Plan and action plans for their respective thrust areas. Towards the end of the second workshop the SPG was briefed on the format of the long and short versions of the strategic plan document.

The third workshop was conducted for the validation and finalisation of the strategic plan. During the workshop, the resource persons, enlightened the SPG members on the criteria for validation of the Strategic Plan. They also validated the prepared objective statements, action plans & Strategy Implementation Plan of various thrust areas through discussions held separately with respective thrust area managers and their team members. Terms of Reference (T.O.R.) for the Strategic Management Group (SMG) and the structures and procedures for sustaining the strategic planning and management process were developed.

3.0. MANDATE :

**Dr.Mahalingam College of Engineering and Technology
Pollachi – 642 003**

MANDATE

The College is a Private, Unaided, Co-educational Institution established in the year 1998 to commemorate the 75th birth year of Arutselvar. Dr.N.Mahalingam.

The college offers AICTE approved Under Graduate and Post Graduate programmes in Engineering and Technology and Computer Applications to the candidates selected on the basis of the norms specified by the Government of Tamilnadu, and uses the curriculum prescribed by the Anna University.

The college has to provide Education, Training, Research, Consultancy and other related services to enrich and empower the Society.

The college has to follow the relevant regulations of the State and the Central Governments. The Governing Council manages the college.

4.0. VISION

**Dr.Mahalingam College of Engineering and Technology
Pollachi – 642 003**

VISION

The college endeavors to impart high quality, competency based technical education to youth and members of the community to cater to the emerging needs of global industry with continual improvement in curricular, co-curricular and extra-curricular activities.

The college aspires to become an autonomous institution in order to adopt innovative practices in curriculum development, instructional methodologies, evaluation techniques and carry out Research and Development.

The college will establish sustainable partnerships, with educational institutions, R&D laboratories and industries in India and abroad for developing centers of excellence in selected areas of science and technology.

The college will strive to develop the rural community through appropriate technological interventions.

Quality will characterize all functional aspects of the college.

The highest standards of moral and ethical behavior will be demonstrated by all staff in order to ensure the development of these behaviors in students.

The development of competence of staff will be supported and rewarded. The college will adopt participatory type of management and facilitate open communication and transparency in all its operations.

Our short vision is

“We develop a globally competitive workforce and entrepreneurs”.

5.0 MISSION

Dr.Mahalingam College of Engineering and Technology Pollachi – 642 003

MISSION

Mission: Dr. Mahalingam College of Engineering and Technology, Pollachi endeavors to impart high quality, competency based technical education in Engineering and Technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. This institution is also striving hard to attain a unique status in the international level by means of infrastructure, state-of-the-art computer facilities and techniques.

We are committed to:

Become a Centre of Excellence in all departments.

- Provide value addition to students through appropriate programmes and services
- Facilitate the development of attitudes, behaviors and soft skills in students.
- Become a recognized centre for Research programmes.
- Establish sustainable partnerships with Industries, educational institutions and R&D Laboratories for mutual benefits.
- Organise professional development programmes to meet the demands of Industry and Society by using various delivery modes.
- Facilitate the development of Entrepreneurial competencies in students.
- Strengthen the linkages with the alumni.
- Facilitate the Provision of Urban Facilities in Rural Areas.
- Develop digitized library services.
- Implement IT enabled campus management system.

Core Values

- Environmental Sustainability
- Transparency
- Equity
- Staff development
- Creativity
- Teamwork
- Women in Development.

6.0 SWOT Analysis

6.1 PROCESS ADOPTED FOR DATA COLLECTION AND ANALYSIS

For preparation of Strategic Plan, it is necessary to collect specific information relating to the environment. Usually two kinds of environments are considered the internal environment and external environment. The internal environment includes the Strength and Weakness of the college and is one that the college has greater control of. The external environments are the Opportunities and the Threats that the college had to deal with in order to be successful. The college has to scan both of these environments to get the required SWOT data.

The strengths and weaknesses and the opportunities and threats faced by the college were arrived at through a process of systematic interaction with our key stakeholders. For this purpose 7 questioners and one interview schedule were prepared. Administering customised questionnaires to cross-sections of our students, parents, alumni, staff and the industry achieved this very effectively. For some members of the industry who preferred to have our representatives meet with them in person we used interview schedules. Seven teams of our SPG were assigned with the work of analysis of the data collected from the stakeholders groups. The names of staff who contributed to the development of the tools and also those who did the data analysis are given in Table – 1.

Table 1: Tool Development and Data Analysis Team

S.No	Tool	Tool Development Team	Data Analysis Team
I	Questionnaire for Students	Prof.P.A.Periasamy Mr. A.SenthilKumar	Ms.D.SenthilVadivu Mr.R.Bhupathi
II	Questionnaire for Parents	Ms. V. Umadevi Mr.A.S.Muthanantha Murugavel	Mr.A.S.Muthanantha Murugavel Ms.K.Sumathi
III	Questionnaire for Faculty	Dr.R.Sudhakar Ms.K.Sumathi	Ms.S.Bharathi Ms.J.Amudha
IV	Questionnaire for Supporting Staff (Technical & Administrative)	Mr.V.Lakshmi Narayanan Ms.J.Amudha Ms.D.SenthilVadivu	Dr.R.Sudhakar Mr.S.Ayyappan
V	Industry Representatives Questionnaire Interview schedule	Mr.M.Selvakumar Mr.R.Bhupathi	Mr.M.Selvakumar Mr.C.Radhakrishnan

VI	Questionnaire for Alumni	Mr.D.Shanmugam Mr.S.K.Ashok Ms.S.Bharathi	Mr. V.Lakshmi Narayanan Mr.S.K.Ashok
VII	Questionnaire for International University Officials	Mr.S.Ayyappan Mr.C.Radhakrishnan	Prof.P.A.Periasamy Mr.D.Shanmugam

A Summary of the extent of responses from our key stakeholders is provided in Table – 2.

Table 2: Summary of Stakeholders Responses

S.No.	Stakeholder Group	Tool Used for collecting data	Number of members surveyed	Number of members who responded	Response %
1.	Students	Questionnaire	500	422	84
2.	Parents	Questionnaire	450	350	78
3.	Faculty	Questionnaire	70	68	97
4.	Supporting Staff (Technical & Administrative)	Questionnaire	70	65	93
5.	Industry Representative	Questionnaire & Interview schedule	50	34	68
6.	Alumni	Questionnaire	100	74	74
7.	International University officials	Questionnaire	5	2	40

The designated teams analyzed the responses collected from various stakeholders and came up with a host of information that was discussed at an SPG meeting to synthesize the data into four discrete lists, one each for the strengths, weaknesses, opportunities and threats. The lists of strengths and opportunities proved too long for inclusion in the strategic plan document, so they were prioritised by using the nominal group process.

The findings of SWOT analysis are presented in the next section.

6.2. FINDINGS OF SWOT ANALYSIS

6.2.1 STRENGTHS OF THE COLLEGE

1. Enlightened and proactive management with an excellent corporate reputation.
2. Good Leadership
3. High percentage of pass and job placement of students
4. Adequate, qualified, motivated and committed faculty
5. Effective functioning of faculty development centre
6. Strategic location of the campus on the National highway
7. Adequate buildings
8. B.E. Mechanical Engineering, ECE, CSE, EEE, B.Tech. IT and MCA programmes were accredited.
9. Collaboration with Foreign universities
10. Students and staff amenities (Bank, Post office, Stores, Indoor stadium, Gymnasium, Auditorium, Guest house)
11. Campus wide network with Giga bit Ethernet backbone
12. Adequate Leased Line for Internet Access with backup Round the clock Internet Access
14. Captive Internet Data center
15. Adequate hostel accommodation.
16. Availability of facility for effective information access by parents.
17. Excellent student support services (Language Learning Centre, Students Service Centre, Internet Data Centre, National Candidate Corps, National Social Service, Various clubs and associations and Desk Top Publishing)
18. Effective functioning of value added centres and courses for all disciplines
19. Effective student counselling service and Mentoring system
20. Disciplined students
21. Regular publication of newsletters in departments and college.
22. Effective industry institute interaction
23. Collaboration with Industries
24. Effective functioning of Research and Development Centre
25. Well equipped Labs, with latest equipment and software.
26. Well equipped Library functioning on all 365 days

6.2.2 WEAKNESSES OF THE COLLEGE

1. Inadequate experienced faculty in Research
2. Inexperienced office staff with limited organizational and communication skills.
3. Lack of well defined performance appraisal system
4. Inadequate staff rooms with individual cabin.
5. Insufficient number of tutorial rooms.
6. Lack of common rooms for students to take lunch
7. Inadequate water supply in each block.
8. Lack of toilet facilities in each Block.
9. Manual feedback system and analysis
10. Department libraries – need to be strengthened.
11. Inadequate maintenance of computers.
12. Inadequate cafeteria facility.
13. Food, recreation and telecommunication facilities in the hostel need improvement.
14. Insufficient duration of industrial visits & internship.
15. Lack of effective communication system like public address system for immediate announcements.
16. Need for training the staffs in specific subjects like network security and management protocols, awareness on Programme Outcome and Course Outcome.

6.2.3. OPPORTUNITIES AVAILABLE FOR THE DEVELOPMENT OF THE COLLEGE

1. Support from Nachimuthu Industrial Association and Sakthi Group of Industries.
2. Globalisation of education leading to admission of foreign students.
3. Autonomy status for the institution
4. Establish Centres of Excellence in collaboration with industries
5. Demand for e-learning programmes.
6. Demand for professional development programs from Industry and Society.
7. Demand for soft skills training for students of other educational institutions.
8. Increasing employment opportunities for engineers in the field of marketing and production.
9. Support for entrepreneurship development programmes.
10. Good demand for Industrial consultancy, Internship programme for students.

11. Adequate chances for industrial Consultancy.
12. Willingness of industries for exchange of experts and faculty.
13. Scope for enhancing interaction with Alumni.
14. Implementation of Community Development scheme support with state and central government schemes.
15. Demand for Women in Development Programmes.
16. Increasing demand for skill development courses for rural people.
17. Demand for training disabled students.
18. Demand for training Human resources for Agro – based industries.
19. Scope for involvement of students in Institute development projects.
20. Availability of support for making Renewable energy center.
21. MOU signed with State, National and International Organisations including CTI, ASSOCHAM, Professional Societies and various core industries.
22. Demand for IT enabled services and Core Industries.

6.2.4. THREATS FACED BY THE COLLEGE

1. Ambiguous policy guidelines of the Government regarding Admission of students.
2. Delayed decisions by Anna University.
3. Fast pace of technological Obsolescence.
4. Aggressive marketing by foreign Universities.
5. Increasing energy costs.
6. Unemployment / Under employment of engineering graduates of some disciplines.
7. Competition from a large number of Engineering Colleges for the limited services and opportunities provided by industries.
8. Monsoon failure leading to delayed fee receipts.

7.0 THRUST AREAS AND OBJECTIVES

7.1 THRUST AREAS

The most crucial step in Strategic Planning, involves the identification of the Thrust Areas for Institutional Development. Identification of Thrust Areas was done by reviewing the findings of SWOT analysis and keeping in mind the contents of Mandate, Vision and Mission statements. The strength of the college were matched with appropriate opportunities, and the effects of weaknesses and threats were minimized by identifying appropriate strategies.

The SPG members came up with a draft list of 8 Thrust Areas. The Thrust Areas were prioritized by using nominal group process. Thrust Area Managers (TAMs) were nominated by the SPG for each Thrust Area, in consultation with the Secretary of NIA Institutions and the Principal. The prioritized list of Thrust Areas and the respective thrust area managers are presented in Table - 3.

Table - 3
Prioritized List of Thrust Area and Thrust Area Managers

S.No	THRUST AREA	THRUST AREA MANAGER
1.	ACADEMIC	Mr. A. Srinivasan
2.	STUDENT SERVICES	Mr. M.Balaji
3.	VALUE ADDED TRAINING AND SERVICES	Dr.A.Rathinavelu
4.	STAFF DEVELOPMENT	Dr.S.Ramakrishnan
5.	INFRASTRUCTURE DEVELOPMENT	Dr. G. Jaisankar
6.	INDUSTRY INSTITUTE PARTNERSHIP	Mr. K.Vijayakumar
7.	RESEARCH AND DEVELOPMENT	Dr.R.Sudhakar
8.	COMMUNITY AND RURAL DEVELOPMENT	Mr. S.Ayyappan

7.2 OBJECTIVES OF EACH THRUST AREA

A number of alternative ways of bringing about positive and productive changes in the thrust areas were identified. These identified ways become the 'objectives' of the thrust areas.

These objectives represent the ways of accomplishing progress in the thrust area by maximising the strengths and opportunities while minimising or overcoming the weaknesses and threats.

The SPG achieved the identification of the various possible alternatives of implementing the thrust areas by means of brainstorming exercises, one for each thrust area. Then, by applying appropriate criteria, objectives for each thrust area were selected.

The objectives of each thrust area are presented in this section.

Objectives of Each Thrust Area

A number of alternative ways of bringing about positive and productive changes in the thrust areas were identified. These identified ways become the 'objectives' of the thrust areas.

These objectives represent the ways of accomplishing progress in the thrust area by maximising the strengths and opportunities while minimising or overcoming the weaknesses and threats.

The SPG achieved the identification of the various possible alternatives of implementing the thrust areas by means of brainstorming exercises, one for each thrust area. Then, by applying appropriate criteria, objectives for each thrust area were selected.

The objectives of each thrust area are presented in this section.

Thrust Area 1.0. - Academic

Objective 1.1 - Identify the areas of autonomous functioning in the institution

Objective 1.2 - Organise and depute coordinators for the autonomous works and further implementation.

Objective 1.3 - Train staff members and make awareness among the stakeholders.

Objective 1.4 - Conduct various meetings required for framing curriculum, syllabus and regulation

- Objective 1.5** - Frame curriculum and syllabi to meet the requirements of NBA and Outcome based Education.
- Objective 1.6** - Enhance the standards by collecting periodical feedbacks and conducting audit
- Objective 1.7** - Monitor the quality of academic standards and evaluate the autonomous functioning

Thrust Area 2.0. - Students Services

- Objective 2.1** - Identify the functional areas of individual development of the students.
- Objective 2.2** - Keep the students abreast of the major trends associated with industries .
- Objective 2.3** - Train the students in various Soft-Skills and Life Skills.
- Objective 2.4** - Facilitate carrying out of mini projects, specified by industries for pre-final year Students and also for internship.
- Objective 2.5** - Assist the students to pursue higher studies in national and international Organizations.
- Objective 2.6** - Support new age Enterprises at the Campus by providing infrastructure and Incubation support to students. Link with Mentors, Angel investors, Government agencies and passionate Entrepreneurs to support the “Startups”.
- Objective 2.7** - Enhance good public relations for creating awareness of the various activities of the college.
- Objective 2.8** - Establish and maintain various multi-disciplinary tie-ups and collaborations with industries and professional bodies.
- Objective 2.9** - Facilitate the effective conduct of events in the college with active involvement of the students through Students Guild of Services (SGS)
- Objective 2.10** - Enhance effective liaison with the patrons of the college.

Thrust Area 3.0. - Value Added Training and Services

- Objective 3.1** - Establish Value Added Education & Training Centre in new areas
- Objective 3.2** - Train the faculty in the identified value added programme areas and for offering one credit courses in the autonomous regulation
- Objective 3.3** - Counsell the students about the value added programmes
- Objective 3.4** - Monitor the quality of value added programme

Thrust Area 4.0. - Staff Development

- Objective 4.1** - Organise in-house short term courses / workshops for staff training.
- Objective 4.2** - Depute staff for off-campus training courses.
- Objective 4.3** - Plan for deputation of staff for higher studies, industrial visits, faculty exchange programmes in the MoU signed institutions.
- Objective 4.4** - Depute staff for presenting papers in the various national / international conferences/seminars, motivate to publish papers in standard journals
- Objective 4.5** - Implement staff welfare schemes.
- Objective 4.6** - Implement Staff Family Benefit Fund.

Thrust Area 5.0. - Infrastructure Development

- Objective 5.1** - Develop a proposal for establishing centres of excellence in collaboration with various industries
- Objective 5.2** - Establish a Centre for video Conferencing.
- Objective 5.3** - Construct adequate number of tutorial rooms and staff rooms with cabin
- Objective 5.4** - Provide wash rooms and water supply in each block.
- Objective 5.5** - Provide common dining for day scholar students
- Objective 5.6** - Establish travel desk
- Objective 5.7** - Provide Public address System facilities in the class rooms
- Objective 5.8** - Improve cafeteria facilities
- Objective 5.9** - Strengthen Department Library.
- Objective 5.10** - Establish a book sale centre inside the campus
- Objective 5.11** - Improve the quality of food in the hostel
- Objective 5.12** - Improve recreation facility in the Hostel.
- Objective 5.13** - Improve Telecommunication facility in the hostel.
- Objective 5.14** - Provide Wi-fi connectivity in the campus
- Objective 5.15** - Conduct Energy Audit of various buildings in the campus.

Thrust Area 6.0. - Industry and Institute Partnership

- Objective 6.1** - Sign MOUs with Industries and Association of Industries.
- Objective 6.2** - Arrange for Industrial visit of the students of the institution.

Objective 6.3 - Market consultancy services /facilities offered by Value Added Centers, Centres of excellence to industries.

Objective 6.4 - Arrange Industrial Training, internship for the students of third and final year.

Objective 6.5 - Arrange for exchange of faculty from the industries and institution to deliver guest lectures and offer one credit courses in the autonomous system

Objective 6.6 - Apply for and execute industrial projects under funded schemes of State and Central Governments.

Thrust Area 7.0. - Research and Development

Objective 7.1 - Identify important areas of research in all departments.

Objective 7.2 - Undertake and evaluate the research projects

Objective 7.3 - Apply for funding of research projects to various Govt. and private agencies

Objective 7.4 - Train the faculty members in the emerging areas of Research and Development

Objective 7.5 - Conduct Seminar / Workshop by the departments

Objective 7.6 - Offer consultancy services to Industries and other clientele group, motivate for obtaining patent

Objective 7.7 - Recruit senior faculty members with required expertise

Thrust Area 8.0. - Community and Rural Development

Objective 8.1 - Identify the areas and activities for community training and development.

Objective 8.2 - Allocate the work to the department for executing the community and rural development activities.

Objective 8.3 - Offer need based training to the unemployed people in the needy villages

Objective 8.4 - Create awareness about environmental preservation and conduct national / international level conferences in the renewal energy areas.
