National Service Scheme (NSS) organized **Road Safety Awareness Program** on 01.07.2022. **Mr.R.Selvam & Mr. Gokula Krishnan** of **ABT Maruti Driving School** oriented the first year students on road safety measures.

Centre for Innovation Business Incubation and Entrepreneurship & Department of Mechanical Engineering organized an interactive session on **Startup opportunities for students in ABT parcel service** for Mechanical Engineering students on 06.07.2022.

SRINATH .K

B.E – Civil (2016-2020)

**Chief executive officer,
Kamala Constructions**

I was yet another student who joined engineering without any clue. Being social was my strongest character which enabled me to network with peers and professors. **I preferred my education be more practical than subjective and that's what MCET offered.** I would never trade my lab sessions for anything in those days and spend my evenings playing in the college ground in various games like table tennis, basketball, cricket and so on. The management was an immense support while we attended other college symposiums as they provided us with necessary infrastructure to prepare, travel and win championships. The rapport with my professors went beyond books, they were my mentors. College gave me the confidence to being my own company and now I successfully run a **construction company in my native with a turnover of more than 2 crores.**

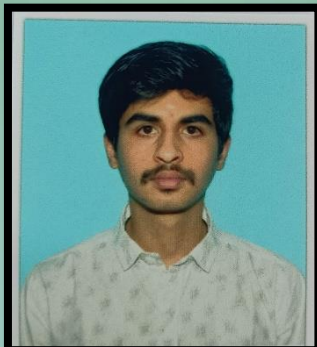

I am very proud and grateful to MCET and my professors.

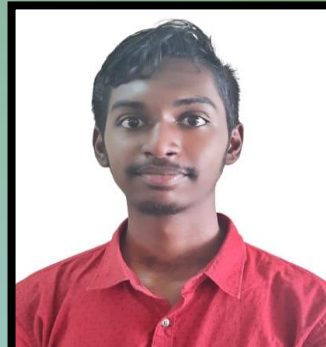

Congratulations
