College is the best time or the best chapter of every one's life. We all yearn to go to those days where we are in between the child and the adult phase. I personally had the most amazing 4 years there with friends coming in from across the country with professors ready to go an extra mile to support you and all the sophisticated learning opportunities that the management provided us with. I have spent most of days in participating in **extra- curricular activities with 200% support from the professors** who encouraged to go ahead and helped me to up to date on academics as well. I have forged beautiful relations with peers from different cultures, Professors who were part of my journey with whom I'm still connected. MCET offers that 12-14 hours at college wasn't enough to make the most of it. Starting from various cultural events, clubs, departmental events, sports, symposiums, **MCET amazed me with all kinds of exposure a student could get.** In my final year, they moulded every individual with personal attention to be Industry ready and ensured to get us placed. **My college is the reason for whom I am today.**

## FUN GAMES

**Sports Team** conducted **Fun Games** to the first year students to kindle the thirst of sportsmanship.

## FDP

**Mr.K.Prabhu, AP-CSE**, participated in one week FDP on "**Recent Trends in IoT**" from 06<sup>th</sup> June to 10<sup>th</sup> June, 2022 Organized by Mahatma Gandhi Institute of Technology, Hyderabad.

I love to join army because it is a great opportunity for me to cultivate discipline, respect, patriotism. Most importantly the adventure at each step gives different experience. My utmost aim is to participate in Republic day or Independence day parade which gives an immense joy and happiness to me.

The best experience I have outside of college classrooms where I could realize my own potential. Unity with the discipline is portrayed in the Beautiful uniforms which attracted me much more...

We learnt to respect time at the very beginning of the NCC which made me to be punctual at all times.
