Voice of Alumni

Mr.HARISH BABU
MECH - 2014- 2018

As an alumnae of Mechanical Engineering, placed in **TATA Hitachi, Kharagpur** through campus drive was an epitome of success to my parents . Currently, I am working as a Junior manager.

Believe me enrolling into **Value Added Programs** was one of the best decisions, I made inside the campus that changed my life.

To explore multiple domains like fabrication, production, design and analysis, MCET serves cross functional courses via **Centres of Excellence housed inside the campus** to augment your skills and steer your career towards gainful employment. I can vouch for it.

Wishing you all success.
